Our Town

Pursuing the only possible course to get paving the City Council has decided to enact legislation to enforce assessments in the business district after despairing at the apparent failure of the petition plan by which it was sought to make the paving voluntary. All other cities that have paved have following the compulsory plan, that is to levy against abutting property. This of course cannot be done in the residence sections because of the homestead law. The council belives that after the paving is started that the property owners in the residence sections will scramble for the improvement. The opinion of the business men and citizens generally is that the paving should be laid at once and while the condition of the city is prosperous. Let everyone pull for this big constructive program to link up with the $100,000 road bond issue to improve the Ad Hall-McCown bridge road.

Recent rains have encouraged our pet crop of weeds on the campus of the Yoe High School and the tennis court excavation bids fair to produce the largest crop. With continued rains a good duck pond will be realized by winter. The streets around the building are improving downward and unless something is done to bring up the standard of civic pride about the building "Our Town" editor will keep right on holding our negligence up to the world.

Now that Governor Walton of Oklahoma has sung his little song: "Yes, we have no victory today," we feel inclined to give him a write up but having nothing appropriate we have borrowed a bit of timely biography from a smart newspaper man in Oklahoma who says:

"Whence came this peace-time martinet, meek in war, but boisterous and tyrannical in peace; with the swagger of a giant, but with the mental processes of a spoiled child; roaming over this State and publicly challenging respectable citizens to meet him in physical combat, well knowing that in order to reach him they would have to break through a cordon of armed satraps and flunkies and then be subject to a drumhead court-martial? He is part of the backwash of drouth and boll weevil."—Madill (Okla.) Record.

Friday night the Commercial Club will hold its regular semi-annual meeting to select officers and directors for the coming year. It is the plain duty of every citizen to enlist in this effort and to give the club their full support. Make your reservation now with the committee for the annual banquet Friday night.

Bank deposits in the county runs well over four million for the October call, an increase of million and a quarter over the October call for 1922. All of which means that the financial millenum has come and that the lean years are no more. Merchants are reaping their harvest and farmers are reaping their gain. Let us conserve this wealth by confining it to local channels and to stamp out the bad policy of mail order business or buying from out of town concerns.

We note that November 12 has been set aside as a day of mourning for Rockdale will come over and die before she will let Cy Perkins beat them at the pig skin. With equal determination on the part of the Perkins kickers let's all put on shin and nose guards and go out on the side line and rave. This game bids fair to work up more interest than any game in the history of the county.

HIGHWAY REPORT.

Thursday, Oct. 4, 11:00 a. m.

Extended trips are not advisable.

Take your mud chains with you.

Houston via Hearne fair, some rough stretches around Hempstead.

San Antonio via Rogers, Granger and Taylor fair to good.

Waco via Rosebud rough and heavy.

Waco via Temple fair to good.

LaGrange via Giddings fair.

Caldwell via Milano, good to Milano balance fair.

Thorndale via Tracy fair.

BILL BOOSTER SAYS

I AM A BOOSTER! I AM FOR EVERYTHING THAT IS FOR THE GOOD OF THE TOWN! I'M FOR GOOD ROADS, BRASS BANDS, PUBLIC LIBRARIES, PAVED STREETS, SCHOOLS, CHAUTAUQUAS, COMMERCIAL CLUBS, NEWSPAPERS, TOWN CELEBRATIONS AND SO ON! I AM A BOOSTER!
CHARLES SUGHROE

COUNCIL VOTES TO ENACT COMPULSORY PAVING LAW

COUNCIL ENACTS DAIRY REGULATION ORDINANCE

MILK SUPPLY FOR CITY MUST BE HANDLED ACCORDING TO SANITATION LAWS.

The city has passed an ordinance requiring the public milk supply to be handled in accordance with the standards of sanitation required by the law and practically every city in the state.

In addition to the regulations for handling the supply the ordinance calls for tubercular tests of dairy herds at least once each year to remove all infection from the supply.

The ordinance is lengthy and is published in this issue of the Herald and all dairy operators should become familiar with its details as it will be rigidly enforced.

Dr. G. E. Sutton has been appointed by the council as inspector and he will have charge of the enforcement of th provisions of this ordinance.

The dairy operators are required to get in touch with the sanitary inspector at once and get their licenses issued as no milk will be permitted to be delivered now unless the ordinance is complied with. The ordinance was passed,with the emergency clause and by unanimous vote of the council members present. Alderman Triggs was the only alderman not present.

The sanitary inspector will likely be charged with the duty of inspecting the markets, soda fountains and other places required by the state laws as well as look after public sanitation.

PRESBYTERIAN CHURCH VOTES TO BUILD HOME

SUNDAY MEETING SEES PLANS STARTED FOR NEW CHURCH IN CAMERON.

As a congregational meeting Sunday morning the Presbyterian church people voted unanimously to erect a modern church building and to proceed at once with a definite program looking to gathering the necessary funds for the building.

A finance committee was appointed and not less than $8,500 is to be raised in cash before the first of the year. It is believed that this sum will be considerably exceeded, and with what is on hand and expected from the Yoe bequest will give a good start toward the building. It was voted, present plans working out satisfactorily, to break ground in 1924.

The congregation is evidencing interest and enthusiasm in the movement and before very long Cameron will probably be boasting another attractive and modern church building.

WEATHER REPORT.

Thursday, Oct. 4, 11:00 a. m.

East Texas (Cameron)—Toinght and Friday unsettled and probably local rains.

Trinity and Canadian rivers are rising.

Light to heavy rain fell over the state. Stations reporting rain: Corpus Christi, .01, Bronwsville .02, Del Rio .04, Haskell .04, Brownwood .06, Taylor .10, Abilene .14, Weatherford .24, Dallas .39, Henrietta .40 Fort Worth .42, Waco .66, Corsicana .66, Brenham .68, Greenville .86, Cameron 88, Palestine 1.10, and Paris 2.40.

Temperatures for yetserday: Amarillo 56, Abilene 70, Dallas 76, Cameron 82, Cuero 92 and Lampasas 94.

CITY COUNCIL TO BUILD SCHOOL FOR MEXICANS

SCHOOL BOARD ASKS AID OF CITY TO FINANCE BUILDING OF SCHOOL.

The city council will build a school building for the Mexican children in Cameron to be erected within a short time.

The school board has asked that the city pay for this building and to extend the board terms in repayment contract. The board this year can no longer rent the building used in the past for the Mexicans and it is well that it is no longer available because of its location and general condition.

It will be necessary to buy a site for this school and to erect a wooden building of modern design such as will meet the requirements of the day.

Mrs. W. G. Gillis representing the school board came before the city council and presented the proposition for erecting the school. Superintendent Fisher and J. C. Martin, members of the board were also present with Mrs. Gillis as delegates form the board.

The school building will accommodate the present Mexican population and will be built with the view of future additions making the necessary facilities available for the Mexicans.

The Mexican school is a one teacher school and about 20 pupils but the Mexican population is increasing and the attendance will be much higher in a short time.

This is the first move toward making better school facilities for Cameron. It will be necessary within the next year or so to build a new grammar school and to rebuild the negro school.

ZORES CRISWELL KILLED AUTO WRECK WEDNESDAY

BUCKHOLTS YOUNG MAN SUCCUMBS TO INJURIES RECEIVED NEAR HOME.

Zores Criswell son of D. R. Criswell at Buckholts was killed Wednesday night near Buckholts on the Buckholts and Rogers road when the car in which he and two companions were riding was overturned.

The fatal accident is the second to occur at this bend in the road. Last year a brother of L. T. Lewis of Cameron was seriously injured when his car overturned.

Young Criswell was engaged in business at Buckholts at the time of his death and is a brother of Flores Criswell, cashier of the Buckholts State Bank.

The funeral was held there Thursday. The entire county will sympathyze with the beareaved family.

COL. IKE LOONEY DEAD AFTER LONG ILLNESS

MEMBER OF TEXAS LEGISLATURE AND PIONEER CITIZEN PASSES AWAY.

Col. Ike Looney, 69 years old, member of the lower house of the Texas Legislature and pioneer resident of Milam county died at his farm home near Ben Arnold at 1:30 o'clock Tuesday morning following several weeks of critical illness.

The Colonel died as a result of heart failure due to a long siege of heart infections an ailment that had been pronounced with him for the past several years.

When the Colonel died his wife and daughter were at his bedside. He had gotten up from his sleep and after a few minutes in which he sat by the bed he again lay down, expiring almost immediately. The end same peacefully. Dr. Denson of Ben Arnold was quickly summoned but could render no aid to the Colonel.

Col. Looney had resided in the Ben Arnold neighborhood for many years and for a longer period had been a resident of the county. With several brothers he came to Milam county in the early days of its civilization and his long life and distinguished career has witnessed the progress of the county from pioneer days to the present development.

Colonel Looney was a member of the Baptist church and a member of the Masonic fraternity. He was a democrat of the old school and never departed from the faith of the fathers who conceived the government and founded the party. He was a Texan in his great spirit of devotion to her history and traditions and to him no problem affecting the welfare of the commonwealth failed to draw his active interest.

Col. Looney was best known to the people of the county and state for his political activities. Long before he became a candidate for the office of representative he was active in politics and his influence was felt in every election. His interest extended to both state and national politics and as a member of the Texas law making body for the past four years has realized some of his life ambitions to advocate in the forum of the government the principles that had actuated his politics since he first became identified with the affairs of his county and state.

In the heart of Colonel Looney which became tired and rested for eternity on Tuesday morning there beat always the warm sympathetic feeling for the masses of people and in all of his career both as a wielder of public opinion in private life and in the fuller days of his public service the burden of the oppressed classes was his burden. In speech and in vote, always with that devotion which became the consuming passion of his life he struck for the

BANK DEPOSITS MORE THAN MILLION OVER '22

1923 FIGURES FOR OCTOBER REVEAL CONDITION OF PROSPERITY OVER COUNTY.

Higher priced cotton has increased the bank deposits in Milam county more than a million over the October call for 1922.

In a compiled statement by the Herald which is approximately correct from published statements of the banks, the comparison is shown for the two years. The October call for statements has ocasioned wide interest among business men.

The statement of deposits as published in the Herald for 1922 showed the sum to be $3,024,341.12. The statement for 1923 shows the sum to be $4,284,272.90. There is a net increase of $1,259,931.78.

This shows a condition of prosperity not equaled in recent years and the general outlook is very good.

Merchants and farmers both alike are prosperous and collections are better than for many years. It is expected that liquidation will be complete this year.

The following tables will show the deposits as approximately correct for the two years:

1923 Bank Deposits:	
Cameron	$2,171,448.99
Rockdale	759,166.72
Thorndale	685,700.65
Buckholts	206,930.60
Burlington	201,767.23
Ben Arnold	126,540.62
Gause	78,252.74
Milano	54,465.35
Total	$4,284,272.90
1922 Bank Deposits:	
Cameron	$1,567,894.75
Rockdale	547,927.83
Tohrndale	434,223.77
Buckholts	194,516.92
Burlington	123,238.02
Ben Arnold	105,337.69
Gause	51,202.14
Total	$3,024,341.12

CAMERON ASKED QUOTA JEFFERSON MEMORIAL

S. M. BURNS CHAIRMAN FOR DRIVE FOR FUNDS FOR JEFFERSON HOME.

The American people will buy Monticello and set it aside as a memorial to Thomas Jefferson. The Jefferson Memorial Foundation has begun its nation wide drive.

Cameron has been asked to contribute $80 as its quota and Hon. S. M. Burns is chairman for Cameron. The following letter has been received by Mr. Burns:

"You have been nominated by our Board of Governors as Chairman of the Committee to represent the Foundation in Cameron.

"We encolse a circular which tells our story. As the total amount to be raised is but a comparatively small sum, no campaign is required. The members of the committee will probably call on a few of their friends, or explain the matter at an informal luncheon, or write a few letters. Nothing more is necessary.

"The quota is only a few cents a person. We look to your city for only $80.

"We have placed our cause in your hands however, for the more important purpose of stirring in the hearts and minds of our fellow Americans a new and keener understanding of those ideals of Democracy, Religious Tolerance and Liberal Education which we have so proudly inherited from Thomas Jefferson and from the other illustrious founders of our great country.

"We are relying on your co-operation.

"Very sincerely yours,
"THEO. FRED KUPER."

ICE CREAM SUPPER.

The Ladies Auxiliary of the Walkers Creek Baptist church will have an ice cream supper Saturday night October 6. Everybody invited.

J. S. Doyle of the Uvalde Rock Asphalt Company of San Antonio, was in Cameron Tuesday and Wednesday in the interest of the paving project. The city has decided to lay Uvalde Rock Asphalt and will contract with the Miller Surfacing Company of Houston for the laying of this work. The city council will proceed at once to issue warrants and levy assessments against the abutting property. The subscription lists or petition have proven a failure for the reason that a number of the property owners are non-residents and will not sign for the paving. This city will take advantage of the law and enforce assessments.

THREE ROUTES OPEN TO COUNCIL IN STREET MOVE

PETITIONS NOT THOUGHT PRACTICAL IN SOLVING PAVING PROGRAM.

With three routes open to the council to enact paving legislation whereby the program for street improvement may be carried on the City Council Tuesday night voted to prepare and pass all necessary legislation at its meeting on October 16 to pave the streets.

The council has reached the conclusion that the petition plan cannot be depended upon to complete the necessary program for the reason that a number of property owners do not live in the city and will not sign up for the paving.

The fact that the condition of the streets in Cameron justifies a rigid improvement policy has caused the city to take this step and also with the apparent backing of the entire citizens for this improvement.

W. W. Chambers representing a large constituency in Cameron, made an address before the meeting and urged the enactment of tax measures sufficint to take care of the paving.

The city may adopt the general paving statute or it may levy by ordinance or it may levy a unversal tax and designate the streets on which the paving will be laid.

The council takes the view that it is better to proceed along the lines of collecting two thirds of the paving from the property owners and will follow this plan.

If the general paving law is adopted this must be done by a vote of the people. The city of Cameron operating under the general law has no charter restrictions and the city council may levy taxes to the constitutional limit without a vote of the people.

It is likely that warrants will be issued no matter how the paving laws are enacted. The city is advised that it may levy by ordinance against abutting property but is waiting confirmation from the Attorney General.

The council is unanimous in its action on the paving proposition and the next regular meeting is expected to find the city ready to proceed, after all legal deails have been arranged and proceedure is safe.

The city will use Uvalde Rock Asphalt and will likely lay two inches cold in the business district where the traffic is heavy and one inch in the residence sections.

UVALDE ROCK ASPHALT PRAISED BY L. W. KEMP

FORMER CAMERON MAN WRITES ALDERMAN GRAVES CONCERNING PAVING HERE

Alderman Geo. T. Graves has received the following letter from L. W. Kemp, former Cameron man, regarding the paving now being laid in Cameron which is self explanatory:

Mr Geo. T. Graves,
Cameron, Texas.

Dear George:—In conversation with you in San Antonio recently you asked me what I thought of the type of pavement being laid in Cameron by the Miller Surfacing Company and I told you that I did not regard it very highly. At that time I was under the impression that the Miller Surfacing Company was laying Inverted Penetration, that is, a mixture of asphaltic oil and gravel.

Since learning that they had switched from Inverted Peneration to Uvalde, I want to retract my statement for I believe Uvalde to be one of the best pavements you could lay. The only criticism I would have to offer is that in the business section they are probably not laying it thick enough. If I were paying for the pavement I would much prefer to have a two inch hot mixed top in the business section or, if this could not be secured economically, lay two inches of cold rolled. The one inch type now being laid is eminently suited for residence sections, provided it is put on a good sound gravel base not less than eight inches deep.

Your friend,
WILTZ KEMP.

ICE CREAM SUPPER.

There will be an ice cream supper Friday night at the Marlow church for the benefit of the school. Everybody invited.

E. A. Flinn has been in Colorado for the past several months for his health has returned to the city. Mrs. Flinn who has been with her husband also returned. Mr. Flinn has been in bad health for more than two years and has been unable to see after his many business interests. He is much improved in health and his many friends throughout the country will be glad to note his improvement.

MEXICAN ATTACKING OFFICER IS SHOT

CONSTABLE NARROWLY ESCAPES KNIFE DEATH

BOY SEIZES UP GUN AND SAVES LIFE OF OFFICER AT MILANO.

An unidentified Mexican in the railroad station at Milano Wednesday afternoon about five o'clock attacked Constable Frank Boggan and would have killed the officer had it not been for the timely assistance of I. McIlvian, youth from Cleveland, Texas, who seized the officer's gun after it had been knocked to the floor and shot the Mexican three times.

The Mexican was brought to the Cameron hospital where he is in a critical condition but was said by attendants this morning to have expressed desire to return to Mexico. He is shot through the left forehead, through the stomach and through the left leg. No one has yet learned from the Mexican his motive in starting the trouble which began after he had stabbed another Mexican.

Witnesses say the Mexican engaged in a fight with another Mexican and stabbed him three times. The stabbed Mexican is said to be in a critical condition. Learning of the trouble Constable Frank Boggan went to the station to arrest the Mexican. The Mexican after the fight started terrorized the the people about the depot and was attempting to fight others.

When Frank Boggan walked in and covered the Mexican with his gun the latter knocked the weapon downward and one shot was fired into the floor. A shell lodged in the gun and the officer could not use it. The Mexican attacked him with a knife and ran him from the building out into the yards. Boggan was cut in the arm and his coat was cut to shreds.

A passenger at the depot picked up the gun. Young McIlvain seeing the plight of the officer took the gun and dislodged the shell, placed another in the gun and made for the men. As he approached the Mexican turned around and McIlvain began shooting.

The Mexican who had been previously hit with a pick handle in the hands of the section foreman there fell to the ground seriously wounded.

Both Mexicans are said to be in a critical condition. Young McIlvain is in Cameron to await developments

He was on his way to his home and while wating for the train became embroiled in the affair which resulted in his saving the life of the officer.

STARTS ROOMING HOUSE NEAR SAP DEPOT HERE.

Dr. C. F. Everette has rented the two story house near the Sap depot known as the Henderson property and will conduct a rooming house. He will also serve meals as well as furnish light housekeeping apartments. Dr. Everette is well known here and his friends will be glad to learn of his business venture.

FORMER YOE HIGH PRINCIPAL AT BAYLOR COLLEGE.

The Herald is in receipt of a letter from R. B. Parson's former Yoe High Principal, advising us of the change in his address from University of Chicago to Baylor College, Belton, where he holds a chair, and asking that the Herald be sent to him there. Mr. Parson's is still interested in Cameron affairs and is pleased to note among the students enrolled in Baylor College, four Cameron girls, Misses Olive Henderson, Louise DuBois, Mabel Jeter and Mattie Everette and perhaps others whom he has not yet had the pleasure of meeting.

CITY SOCIETY

MR. AND MRS. COLEMAN ARE NOW "AT HOME" IN REGAL ROCKDALE.

Mr. and Mrs. James L. Coleman, who were married at Taft, Texas, last Wednesday, arrived in Rockdale Sunday and are now "at home" to their friends in the old Dr. Bob Wallis residence on Rice Avenue. The Reporter joins in extending to them congratulation- and good wishes.

The following account of the wedding is taken from the Taft Tribune, the half-tone cut being used by courtesy of the Dallas News:

COLEMAN-PRIDAY WEDDING

At ten o'clock Wendesday morning, Sept. 19th, in the first Presbyterian church at Taft occurred the wedding of Inez Betsy Priday of Gregory to James L. Coleman of Rockdale.

The church followed the old English trend in decoration, latticed gateways and backgroud wound with a Plumosa fern forming the central theme. Tall art baskets filled with yellow Crysanthemums stood on pedestals just in front of the chancel rail, which bore gleaming white tapers. On the altar, which was covered with long fronds of fern, stood a beautiful brass candelabra also filled with tapers. Pew markers were a fluffy blouse of white tulle centered with yellow Crystanthemums.

Beginning the ceremony Mr. W. A. Albin, accompanied by Miss Sudie Hamilton of Sinton, very sweetly sang "O Promise Me." At the first strain of Lohengrin's wedding march the two ushers, Messrs, Maurice and Cedric Priday, entered. These were followed by Master Junior Ben Ivey, who carried the ring in the heart of a lily. The bride entered on the arm of her maid of honor, Miss Mariam Coleman, of Paris, a former school mate, and was met at the altar by the groom accompanied by his best man Mr. Irvin N. Clary of Cameron. The solemn, beautiful ceremony which united these two lives was read by Rev. C. S. Long. At the conclusion the bridal party departed while Miss Hamilton played Mendelssohn's wedding march.

The bride was lovely in a handsome and becoming day gown of brown cut velvet chiffon with hat and shoes to harmonize. She wore a silver fox fur and carried a small white Bible. Her flowers were a shower boquet of bride's roses and fern and was wearing as her only ornament a diamond bar pin, the gift of the groom. A bit of sentiment was added by the bride's carrying an exquisite rose point lace handkerchief which her mother carried at her own wedding.

Later she donned her traveling attire which was a beautiful one-piece frock of navy blue poiret twill with hat and shoes of gray.

The maid of honor wore a charming black satin crepe model with purple hat and carried an arm bouquet of purple asters. Miss Hamilton was attired in a frock of brown canton and lace with accessories to harmonize and her flowers formed a corsage of sweetheart buds. Mrs. Albin wore a similar corsage and her costume similar was of brocaded silk with picture hat of black.

Mrs. Coleman is the daughter of Mr. and Mrs. Le Roy Willis of Gregory, and a niece of Judge and Mrs. R. H. Hamilton of Austin. She is a beautiful cultured girl, a graduate of San Marcos Academy and Ward Belmont. The groom is the son of Mr. and Mrs. James W. Coleman of Cameron, is a former student of Baylor University and is engaged in the furniture business in Rackdale, Texas. He is an enerprising and substantial citizen.—Rockdale Reporter.

BAPTIST AUXILIARY.

All the circles met at the church Monday for business sessions. The following officers were elected for the year: Mrs. A. N. Green, president; Mrs. F. J. Beckerman, secretary; Mrs. N. O. Kennedy, treasurer. About twenty members pledged themselves to go to the association in Ben Arnold, Thursday.

METHODIST MISSIONARY.

The W. M. S. met at the church at 4 o'clock. Mrs. W. A. Bonds led the Devotional, reading a splendid article on Prayer. A short business session followed.

The latter part of the meeting was a social in which "Master Hansford Dunlap" was given a Misscellaneous shower. At the appointed hour Mrs. Leland Green announced the arrival of "Black Mammy," (Mrs. J. B. Lindsey) who bore a beautiful pink and white basket full of Master Hansford's clothes. After Mrs. F. R. Dunlap's acceptanie of the gifts, Mrs. R. H. McIntosh, in a very fitting manner, gave a toast to the mother, closing with the following original poem:

"In the gates of Paradise a little one stood
Not knowing which way to go,
'Til hand in hand with an angel of God
His feet were guided below.
He was brought to you, your heart to cheer,
A gift from the Portals above,
A priceless gift, the value of which
Can only be measured by love.
In after years should the dear one stand
Not knowing which way to take,
May you patiently wait for the "Guiding Hand,"
Which can never make a mistake."

As the contents of the basket were then examined, many dainty and useful gifts were revealed, to the pleasure and delight of "Master Hansford." Pink roses in crystal baskets adorned the tables, while the color scheme was perfected in the delicious refreshments, brick-cream and cake, served by Mesdames J. B. Lindsey, R. L. Batte, and Leland Green. The plate favors were tiny pink leaflets announcing the date of the little honoree's arrival in Cameron, Texas.

BIRTHDAY PARTY.

Last Friday from four to six Mrs. J. C. Reese gave her little great niece Abbie Reese Harvey a party celebrating her sixth birthday. There were ninety-four little friends bid to help enjoy the occasion including this year's kindergarten class and the teacher, Miss Sallie Kate McLane.

Mrs. Reese and Mrs. Harvey were assisted in entertaining the children by Abbie Batte and Cornelia Esslinger.

All kinds of games were played by the children and a general good time was had.

The cake was three tiers high and contained all the emblems that afforded amusement for the children. Ice cream cones and candy was served.

Abbie Reese got many nice and useful gifts that delight the heart of a six year old girl.

KIETH-BOX.

Charming in the simplicity of its appointment and attended with a wealth of affectionate interest owing to the wide esteem in which the young couple were held was the marriage of Miss La Vert Box and Geo. Enid Keith at the home of her parents at Nolanville, Texas, September 27 at 10:30 o'clock, Rev. Gettys of Baylor College officiating.

The house was decorated in green and white using the old English style for arrangement. Baskets filled with zinnias stood on pedestials. An arch was made of lattice work covered with roses and ferns, in the center of which hung a basket filled with roses, ferns and green wreath, under which the couple stood.

Just before the ceremony Virginia Fields sang "I love you" accompanied by Miss Carter, both college chums of the bride. To the first strains of Mendelsshons wedding march the young couple entered unattended and took their places under the arch where the double ring ceremony that linked their lives in holy wed lock was read.

The bride was born and reared in Nolanville and was one of the city's most attractive and accomplished girl's. She is the only daughter of Mr. and Mrs. Frank Box. She was a graduate of Baylor College. She was lovely attired in grey chiffon braid cloth with grey blouse and accessories to match. She carried an arm boquet of pink rose buds and maiden hair fern.

Mr. Keith is the eldest son of Mr. and Mrs. H. C. Keith of Cameron, is a graduate of Cameron High school and of a commercial school in Brownwood. He is a young man of sterling qualities and worthy of the bride he won. After the ceremony the guests were invited in the dining room where lunch was served and the bride's cake cut which afforded much merriment as each quest received the dainty appropriate emblems of the occasion.

The young couple in company with the wedding guests left at 11:40 over the Santa Fe for Temple where luncheon was served at the Harvey House. At one-thirty the bride and groom left for Houston for a short stay with relatives after which they went to Clifton where Mr. Keith holds a responsible position with the Santa Fe.

RECEPTION GIVEN.

Mrs. James W. Coleman
at home
on Saturday the twenty-ninth of
September from
three-thirty until six o'clock
to meet
Mrs. James L. Coleman.

Responding to the above invitation happy maids and matrons of Cameron and Rockdale assembled in festal array at the Coleman home on Saturday afternoon to welcome the winsome young bride, Mrs. James L. Coleman into the cordial hospitality of her new home.

The autumn weather was ideal and the home, surrounded by well kept lawn with radiant roses and autumn lawn with radiant roses and altmn flowers of many hues in full bloom, made a splendid setting for this gala event.

Mrs. George T. Graves received the guests and directed them to the receiving line in which stood the hostess, Mrs. J. W. Coleman, honoree, Mrs. James L. Coleman of Rockdale, Mrs. J. A. Campbell of Waco, and Mrs. Jess Garrett of Rockdale.

Mrs. J. W. Coleman wore a black lace dress over satin crepe. The honoree, Mrs. James L. Coleman, wore a gorgeous gown of Chinese gold cloth with tones of rose and reseda. Mrs. J. A. Campbell wore a most becoming black lace and satin costume. Mrs. Jess Garrett. wore navy blue canton crepe with lace draperies in harmony.

The reception suite was made more beautiful by a lavish use of queen's wreath and regal pink roses which blossom so perfectly and so profusely in Cameron gardens. Several floral baskets were effectively placed.

Mesdames B. F. Bonds and S. M. Burns invited the guests into the handsomely appointed dining room where Misses Mary Lake Henderson and Clara Thomas, Mrs. Joe Denson, Misses Sallie Kate McLane, Winnie Henderson and Gladys Watson assisted by Miss Beth Jeter and Mrs. James Watson, served pink brick cream in heart shape with inmported French confections petitfore in diamond shape. Plate favors were hand painted bridal slippers, and other bridal conceits.

Throughout the aftenoon a program of bridal music was rendered—Misses Lillie Kate Beckerman, Mesdames Ira F. Key, Paul Webb and Jeff Avera playing instrumental numbers and Misses Nell Dubois and Louise Adams giving vocal selections.

More than one hundred ladies called during the afternoon. Noted among the quests were a bevy of interesting women from Rockdale who came to offer the bride formal welcome to her recently established home in Rockdale.

Among them were Mesdames H. C. Meyer, N. H. Melbert, Lottie Wallis, C. F. Drake, J. O. Newton, Marvin Sessions, I. P. Sessions, Leonard Isaacs and others.

APPLES—APPLES.

We have just unloaded part of a car of Arkansas apples for eating or cooking at Esslingers feed store. Will sell in any quantities. Come and see, S. J. Denson.

TRADE REGISTERED MARK

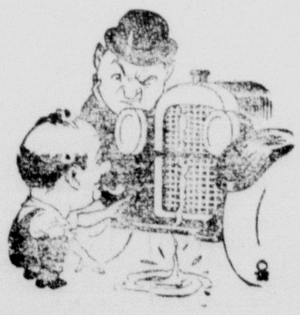
LITTELL'S LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size $1.00
JAMES F. BALLARD, Prop. St. Louis, MO.



Why Cuss the Bus?

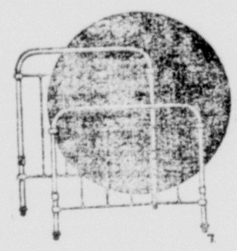
She rattles and she knocks
Every things wrong;
She looks like a nickle—
You'd sell'er for a song.
But why cuss the Bus?
It's not it's fault;
You left it in the open
Now it's not worth salt.

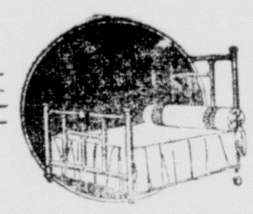
BUILD A GARAGE.

The material will not cost a great deal—and there's nothing to be gained by delay.

CAN YOU AFFORD TO WAIT?

JETER LUMBER CO.
Cameron, Texas.



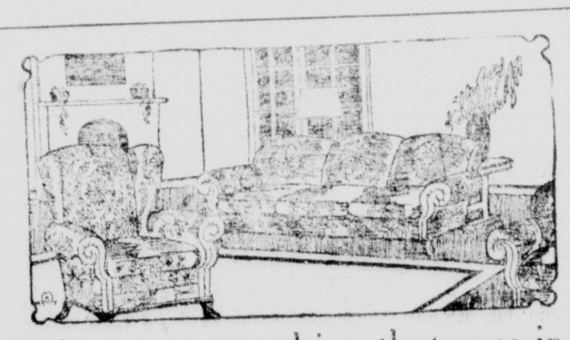


A CARLOAD

BEDS and  SPRINGS

We will unload tomorrow a solid car load of Iron Beds and springs. They are not the ordinary patters that you have seen for several years but are entirely new designs such as the new bow end, etc. They will be shown in finishes to match your bed room furniture so those wishing a new steel bed in a finish to match the bed room furniture will be able to get it.

We want to call your attention to our Deluxe bed springs. If you want a comfortable spring and one that will last for years you should try one of them. If you are not satisfied with them after a reasonable time you may return them.



We carry everything that goes into a home. See our New Furniture first.

Comforts and Blankets

Cold weather calls for winter bedding. We have a nice selection of all wool blankets, wool nap and cotton blankets, medium and high grade comforts. A full line of all kinds of mattresses. Try some of our filled mattresses. They are reasonable and will give long service.

Our best mattress is the Haynes made at Sealy, Texas. We claim it is the best made in the country. We guarantee it never to lump.

Cole's Heaters

Burns Coal, Burns Wood. Heaters will soon be in use. When you put your money in a Coles you buy the best constructed heater on the market. It will last longer and consumes less fuel. In the long run it will be the cheapest.

We also have all sizes of Economy Wood cook stoves and ranges, Monarch Steel Ranges, Stove Pipe, Boards and everything necessary for putting up your stove. You will find us with a big stock to select from and our prices are right. We will be glad to show you our line before you purchase.

Cameron Furniture Co.

Cameron, Texas.

GRAND CHANCELLOR OF KNIGHTS PYTHIAS COMING

MILAM LODGE TO ENTERTAIN KNIGHTS OF DISTRICT HERE ON MONDAY OCT. 8.

Wm. Futch of Henderson, Grand Chancellor of the Knights of Pythias for the grand lodge of Texas, will be in Cameron on Monday night October 8 for the district meeting.

A committee to receive the Grand Chancellor and other visiting dignitaries of the lodge, has been appointed by the lodge here at its meeting on Monday night.

District Deputy Grand Chancellor W. O. Triggs will have charge of the ceremonies.

Knights of Pythias from over the district will be here to attend the meeting. This will be the second time within a year that Milam Lodge No. 125 has entertained the Grand Chancellor.

The Knights will meet in the lodge room at 6:30 preparatory to receiving the visiting knights.

A banquet will be held in the basement of the Methodist church and the arrangement committee will lay covers for a large number of local as well as visiting knights.

Fred Henry Keeper of Record and Seal, has sent out letters of inquiry to all members of the lodge and has received in return a large number of replies indicating that the attendance will be very large. It is expected to be the greatest meeting of the lodge ever held in Cameron.

It is likely that a large class will be initiated also and an address will be delivered by the Garnd Chancellor.

The banquet will be held in the church beginning at 7:30 p. m.

In every way the occasion will be a red letter day in the life of the local lodge as well as of great significance for Pythianism throughout the district.

AN ORDINANCE.

AN ORDINANCE regulating the care, production and sale of milk; providing a penalty and declaring an emergency, and repealing all ordinances or parts of ordinances in conflict herewith:

Be it enacted by the City Council of the City of Cameron:

Section 1. No person shall engage in the sale of milk or cream in the City of Cameron, Texas; ship the same into the City for sale, or supply to anyone for use in the City unless he shall obtain a permit from the board of health so to do. A fee of fifty cents (50c) shall be charged for each permit. Permits shall be renewed every six moths. On or before the first day of September, and the first day of March of each year hereafter, permits shall be issued by the sanitary officer for the ensuing half-year to all applicants who comply with the provisions of these rules and regulations regulating the sale of milk or cream in the City of Cameron, Texas, but before the issuance of any permit every vendor or shipper of milk or cream shall make application therefor, upon a printed form provided by the board for the purpose, on which shall be stated:

(a) The name, residence, postoffice address and location of the business or places of the applicant.

(b) The number of cows from which milk is obtained for sale, and the kind of food which the cows are given.

(c) If the applicant buys part or all of his milk supply, the names and addresses of all persons from whom he obtains milk or cream.

(d) If the applicant be a shipper of milk or cream into the City, he shall, in addition to the above, state the route of his shipments.

(e) If any person or corporation licensed under the provisions of the ordinance shall change the location of his or its place of business a written notice of such change shall be given forthwith to the board of health, and no business shall be conducted or carried on, under such license at such new location until such notice shall be given as herein provided. Provided, that this ordinance shall not be construed as requiring a license for the keeping of one cow and selling of part of the milk thereof, at the same time, by the members of the same family. Two or more cows shall constitute a dairy within the meaning of this ordinance.

If any person engaged in the sale of milk or cream after the said first day of September or March in any year, he shall forthwith make application for a permit for the remainder of the half year, compiying with the above regulations.

The Sanitary officer shall not issue any permit unless he is satisfied with the cleanly and sanitary condition of the stables, cows, wagons, store or place of business of the applicant therefor, and with all the utensils used by him from which his milk or cream is obtained; and that the food given the cows is pure and wholesome, and that all persons engaged in the care and handling of the milk are free from any contagious diseases, and said persons use due cleanliness in their work.

All applications for permits shall be signed by the applicant. The permit fee shall accompany the application.

If, after issuing a permit to sell milk or cream, the board of health officer shall become satisfied that the provisions of this subdivision of the ordinance are being violated they shall, at once, revoke the permit issued to such person or persons, and no new permit shall be issued until all unsanitary conditions have been rectified, and all other porvisions of this subdivision of the ordinance are complied with.

Sec. 2. No person shall offer for sale any milk that is impure, filthy, adulterated or unwholesome, as herein provided.

Sec. 3. No person shall bring into the City for sale or shall sell or offer for sale any milk:

(a) Containing more than 88 per cent of water or fluids.

(b) Containing less than 12 per cent of milk solids.

(c) Containing less than 3.25 per cent of milk fats.

(d) From which any part of the cream has been removed.

(e) Having a specific gravity of less than 1.029.

(f) Containing any dirt, foreign matter or sediments.

(g) Containing any baracic or salicylic acid, formaldehyde, hydrogen, peroxide or other foreign chemicals.

(h) Containing any pathogenic bacteria.

(i) Containing bacteria of any kind, more than 50,000 per cubic centimeter.

(j) Drawn from any cow having a communicable disease, or showing clinical symptoms of tuberuclosis, or from a herd which contains any diseased cattle or are affected with or exposed to any communicable disease.

(k) Drawn from any cow which has been fed on garbage, refuse, swill, moist or other improper food.

(l) Which has been kept under conditions contrary to tht provisions of this ordinance.

(m) No milk shall be kept, sold, offered for sale, or drawn from cows suffering with sore and inflamed udders and teats, or from disased cows.

(n) Drawn from any cow within fifteen days before, or nine days after parturition.

(o) No milk in partially filled bottles shall be sold or offered for sale, and no bottles shall be filled, capped, or re-capped outside of the dairy building, regularly used for this purpose.

(p) No milk shall be sold in the City of Cameron, Texas, from a dairy which does not score 50 or over, according to B. A. I. score card.

(q) The minimum composition of milk shall be as follows:

Solids (not fat,) 8.5 per cent.

Milk fat, 3.25 per cent.

Skim milk to contain 9.20 per cent, total solids.

(r) Any milk dealer found guilty of selling or offering for sale adulterated or impure milk shall, after second offense, be refused license to sell milk in the City of Cameron, Texas.

(s) The term "filthy" shall be deemed to apply to milk not securely protected from flies, dust and dirt, and as far as may be necessary by all reasonable means from foreign or injurious contaminations. Provided, that subdivisions A, B, C, and D, shall not apply to milk sold under the title of "skimmed milk."

Sec. 4. The milkers must thoroughly wash and wipe their hands and the cows udder before they begin milking. Their outer garments must be clean and a washable material. They must not use pails, cans strainers, etc unless they have been thoroughly washed in hot water, and soap, or hot water and soda and afterward sterilized with boiling water or steam. Care must be taken that the seams of the vessels are thoroughly cleansed with a brush. They must refrain from milking or handling milk in any way when in themselves or their families there is even suspicion of any contagious or infectious disease such as small-pox, scarlet fever, diphtheria, typhoid fever, tuberculosis or the like, and all employees are subject to physical examination at any time.

Sect. 5. Immediately after milking, the milk shall be removed from the stable into a milk room screened from flies and other insects, aerated and cooled to at least 50 degrees temperature, and put into perfectly clean bottles or cans.

The milk house or milk room must, at all times, be kept in a clean and sanitary condition. Dairymen, who use both bottles and cans in delivering milk shall not fill bottles while on their route. All milk and cream sold in the City shall be delivered with a temperature not to exceed 60 degrees Fahrenheit.

Any person, firm or corporation licensed under the provisions of this ordinance shall not use,or cause,or permit to be used any can, bottle or other receptacle, which has upon it the name or label of any other person, firm or corporation licensed under the provisions of this ordinance.

Sec. 6. Each dairy shall be provided with a properly constructed milk house, provided with a wire screen for doors and windows, and ample arrangements for heating water, and it shall not be used for any purpose other than handling milk products; said house shall have a properly constructed sink, at which bottles, cans and other utensils, used in handling milk may be washed, and shall be provided with a drain pipe, carrying all waste water at least 100 feet from the milk house, water supply and barn. Said milk house shall be at least 50 feet from any cow stall or stable.

Sec. 7. The stable shall be so constructed that the cows have plenty of air space and light and should be painted in some light color or white washed twice a year. The stables must be kept free from dirt, dust cob-webs, and odor, and the celiling must be dust tight.

Sec. 8. All cans or bottles used in the distribution of milk must be thoroughly cleaned, either by hot water and soap, or hot water and soda, or other alkalies, rinsed and sterilized by boiling water or steam before they are again used as receptacles for milk; extreme care must be exercised in cleaning the faucets to cans by use of a brush. No person shall use a milk bottle for other than milk purposes.

Sec. 9. Should scarlet fever, smallpox, diphtheria, typhoid fever, tuberculosis or other dangerous or infectious diseases occur in the family of any dairymen or among any of his employees, or in any house in which milk is kept for sale, or in the family or among the employees of any person who ships milk into the City for sale, such dairyman, such vendors or shippers of milk shall immediately notify the health officer, who shall at once investigate and order the sale of such milk stopped or sold under such regulations as he thinks proper.

Sec. 10. The board must require a certificate from a licensed veterinarian, showing the cows furnishing milk brought for sale within its jurisdiction are free from tuberculosis or other dangerous diseases. Each animal in the herd must be tested once each year for tuberculosis, unless one or more reactions are found; then such animal shall be tested every six months until two complete tests are made and no reactions are found. Each animal shall have an ear tag showing date of test and result thereof.

Sec. 11. The milk or dairy inspector, the health officer, or any other person authorized by the board of health may examine all dairy herds, utensils for handling milk of all dairymen, or other persons engaged in selling or shipping for sale milk or cream to the City of Cameron, Texas. These inspectors or health officers shall have power to open any can, vessel, or package containing milk or cream, whether sealed or otherwise, or whether in transit or otherwise, and take samples of the milk or cream for testing or analysis; and, if upon inspection, the milk or cream is found to be filthy, or cans or other containers are in an unclean condition, the said inspector or health officer may then and there condemn the milk or cream as deemed by him filthy, under the provisions of this ordinance, and pour the contents of such bottles, vessels or packages upon the ground forthwith, and he shall, if done in good faith, not be held liable in damages therefor, in any suit or demand made thereupon.

Sec. 12. Milk shall be kept at a temperature below fifty degrees Fahrenheit. No milk or any of its products, except butter, shall be handled, stored, or sold from any building used as a residence. All surfaces, floors, walls, and ceilings shall, at all times, be kept clean. Windows and doors shall be screened for the prevention of flies and dirt. Refrigerators and ice boxes shall have their surface lined with porcelain or metal substance. No other food products shall be stored in refrigerators or ice boxes with milk products. Utensils must be clean, free from rust and rough substances, and must be sterilized in inner and outer surfaces by exposure to a tempertture of not less than 212 degrees Fahrenheit before receiving milk.

Sec. 13. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Sec. 14. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor,and shall, upon conviction thereof, be fined not less than One ($1.00) Dollar, nor more than Fifty ($50.00) Dollars, and each day's offense shall constitute a separate offense.

Sec. 15. The fact that there is no adequate ordinance regulating the care, proudction and sale of milk creates an emergency and an imperative public necessity that the rule requiring ordinances to be read on three several days be and the same is hereby suspended, and that this ordinance take effect from and after its passage and it is so ordained.

J. B. WHITE,
Mayor of the City of Cameron.

THE STATE OF TEXAS,
County of Milam.

I, R. D. Brown, Secretary of the City of Cameron, do hereby certify that the above and foregoing is a true and correct copy of the above styled ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 3rd day of October, A. D. 1923. 23-4t

R. D. BROWN,
Secretary of the City of Cameron.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years.

Sold by all druggists.

POULTRY CULLING MEET HELD AT BEN ARNOLD

MISS GLADYS HENRY, AGENT, DOING GREAT WORK AMONG WOME

As a result of information broadcasted concerning farm poultry and plans for improvement, last Thursday September 27, 1923, a culling demonstration was given at Ben Arnold, by county agent, George Banzhaf, and county home demonstration agent, Gladys Henry, assisted by Miss Milley Haulsey, Rogers, who has been a County Home Demonstration Agent for several successful years in West Texas and is now enjoying a rest at home before taking up her work again.

From a flock of 69 hens that had been producing about 36 eggs per day, 31 hens were culled, leaving 38 hen sto produce the same number of eggs with the feed bill cut in half, therefore a greater profit.

The program for the day was arranged so that four flocks might be visited. The owners were Mrs. Frank Sproul, Mrs. J. O. Kelm, Mrs. A. D. Henderson and Mrs. C. C. Sproul.

Similar programs will be arranged for any community making the request of the county agents

ST. RITA'S CIRCLE IS PLANNING YEAR'S WORK

SEND VICTROLA TO ST. ANTHONY SCHOOL AND PLAN WORK FOR YEAR.

The St. Rita Circle held the first meeting of the year in the Knights of Columbus Hall Thursday.

The years work was outlined and many interesting plans discussed.

As Mrs. Sullivan has moved from the city Mrs. Balhorn was elected corresponding secretary to fill the vacancy.

The Circle voted to send a victrola to St. Anthony chool.

Rev. Spinneweber came in for a visit which added much pleasure to the meeting.

The Circle will meet in K. C. Hall 2nd and 4th Thursdays of each month at 3 p. m.

THE YOEMEN

FOOT BALL.

Large crowdn saw Yoemen whitewash Bryan High School 7 to 0

The Yoemen defeated Bryan High Friday 7 to 0. It was indeed a wonderful battle, and was cleanly fought and cleanly won. Floy Hardin, the Yomeen left half back was the super star of the game. He plunged the Bryan line, and made large gains. The whole team worked like a Cadilac motor. The stone wall of the Yomen held and the Bryan Gridders made only two or three first downs. George Hardin repeatedly made gains through the Bryan line. "Bones" Cheeves the Yoemen center played a remarkable game while "Snail" Baskin, left ankle was a terror on the defense. "Duck" Garner was the one mainly resposible for the touchdown. A pass Hardin to Garner netted about 35 yards and was the principal factor in the defeat of the Bryan Gridders. Several times Young leaped in the air and intercepted forward passes. "Elmo" Baggett, the Yoemen's snappy little quarter back proved himself a wondeful man. He always got his man and called the signals distinctly and snappy. Childress, Yoemen right half was also a good man on the defense and also on the offense .Baskin, the Yoemen's hefty guard tore the Bryan line into shreds and proved he was a valuable man. Every man proved a star although some starred more than the others. Several of the Bryan men were laid out, which proves the Yoemen had lots of fight. Posey, Thompson, Tindall, Moody and Graham showed up well and Graham although handicaped with a sore arm, always was in the thick of the battle and was a star. The fans of the city, because they thought the local High school didn't have much, on account of the graduation of nearly all members of last year's team, but many declare now, that this is the best team the local High school had, since the days when Cameron like to have won State title and was nosed out by Austin. Next Friday the Yoemen meet Caldwell, who claims she is going to "paw" it on Cameron this year. Everyone should come out and root for the Yoemen, for they have a winning combination.

No doubt Nockdale High has a good team this year and the Yoemen will have to fight to defeat her. The game will be played in Cameron, Nov. 12, and no doubt a record crowd will witness this battle.

Those Yoemen line men literally tore the Bryan line to pieces and out-played them at every stage of the game.

High 32 to 0 Friday. Pretty good for you, Mr. Hughes, but you would have probably lost if you had played in Rogers.

Waco High defeated the Corsicana Orphans Home 78 to 0, and is boasting of her victory. This is indeed a great thing to boast over—to defeat an Orphans Home, whose whole team averages about 130 pounds.

Granger High defeated St. Edwards Academy Friday by an overwhelming score. Granger has a strong team this year.

Floy Hardin, the Yoemen left half back is a hard man to stop. Hardin weighs around 170 pounds and is a fine physical man. He plunged through the Bryan line almost at will for long gains.

L. V. Perkins proved his wonderful ability as a coach Friday, for the Yoemen proved they had been under fine coaching.

The Yoemen line will average about 170 pounds, while the Backfield will average about 150 pounds.

A large crowd witnessed the game Friday, and many fans declare that Yoe High has a much better team than last year.

Coach, Perkins the Yoe High mentor predicted last year that the team this year would be 50 per cent stronger than the Yoemen of last year. I believe Mr. Perkins is equal to Foster on predictions.

When Coach Hughes brings his famous Tigers over Nov. 12, he had better bring plenty of substitutes along for he will need them.

Rockdale National Anthem November 12:

Yes! we have no victory,
We have no victory today!

"Unk" Young displayed some wonderful punting Friday in the Bryan game. "Unk" bids fair to become a second "Rip" Collins.

A very comical thing was pulled Friday, when a Bryan line man snatched up a grounded pass and started running for a touchdown. He evidently must have been a green man.

The Aggie defeated Howard Payne 21 to 0 Friday and got revenge for their defeat at the hands of Arnold Kirkpatrick's bunch last year.

The Longhorn whitewashed Austin College Friday, and proved to the fans that they were in the running for conference honors this year. In the Austin College line-up was Mack Saxon, former member of last years Temple Wildcats, but was ineligible for the greater part of the season.

Baylor defeated Simmons College Friday 15 to 0 and they also proved they will bid for honors this year.

Caldwell declares she is going to defeat the Yoemen Friday. Everyone come out to see the game and root for the Yoemen , for she has a hard game.

Come on, Mr. Cooke pep it up a bit, we need a little advertising.

Yoemen yell leaders are: Miss Frances Looney, Miss Lucille Camp, Alva Howell and Clifton Jenness. This is a fine group of yell leaders and they will put plenty of pep into the student body.

Oysters! oysters! rah! rah! rah, Pour it on 'em Yoemen.

The scrubs are progressing nicely under the tutelage of assistant Coach Sterling.

Foot Ball Schedule:
October 5—Caldwell, here.
October 6—Bremond, here.
October 12—Calvert, there.
October 20—Waco, there.
October 26—Franklin, here.

CAMERON WITHOUT DIRECTOR FOR ITS MUNICIPAL BAND.

Director Scott of Waco who was to have taken charge of the Municipal band will not report here. Announcement of this has been made by Roy Griffith in charge of the band here. Mr. Scott is a student in Baylor University and has decided that he will not give up his studies to become director of the band.

Mr. Griffith is holding the meetings of the band as usual and is now in touch with parties with the view of getting a director.

30 STAR AUTOMOBILES SOLD BY DEALERS HERE

BARMORE-SHIRES MOTOR CO. REPOTS GOOD SALES ON NEW MODEL CARS.

One of the most significant indications of automobiles prosperity as well as an attest to the merit of the product, is shown in the fact that the Barmore-Shires Motor Company, dealers for the Star car in the county have sold and delivered thirty of these automobiles since its introduction here a few weeks ago.

The company also handles the Durant cars. Ready sale is now found for the Star because of its low price and good car features.

Like all other dealers the Barmore-Shires Motor Company is selling all the cars that can be shipped to them by the factory.

Unprecedented sales of automobiles are reported by all the dealers in Cameron. The Star car has been in the county only a short time but the sales have been more than gratifying to the dealers here.

COL. IKE LOONEY DEAD

(continued from page 1)

common man and all those who labor and are oppressed.

As a member of the Texas Legislature he thundered his conscience, unafraid and undaunted and it was his pride as the record will show he never cast a vote in the interest of the commor people of Texas and especially the farming classes of which he was proud to claim as him co-workers. Excessive appropriations and ill timed expenditure of the people's money met with his stern opposition in the house and now that the Colonel has passed to another forum where the gavel of eternity is held by the hands that blessed little children and healed the infirmaties of men his voice will resound again. "Blessed are the Pure in Heart for They Shall See God."

Living on his farms at Ben Arnold deceased amased consireable wealth. He reared a family and the children with his good wife survive him.

The funeral was held from the Baptist church in Ben Arnold Wednesday afternoon at four o'clock with burrial in Ben Arnold Cemetery. The Henne & Meyer undertaking parlors directed the funeral and Rev. Chas. White, his pastor, said the rites. Pall bearers were men of his age and life long friends, and like himself facing the west recalling with many an affection the sterling worth of their comrade who answered the call of eternity as he had met every responsibility of life, confident and unafraid.

FOR SALE.

My home located on East 13th Street. All modern conveniencies. Have garage, barn and garden spot. Conveniently located to Yoe High school.

TEACHERS FORM CLUB.

At a special teachers meeting held last Wednesday afternoon at Yoe High school, the teachers of both the high and grammar schools voted unanimously to form an organization for the purpose of studying school problems this year.

Each teacher is to take some special school problem to which she will give special attention and study, with the view not only of improving her own scholastic standing and position, but also of bettering the school and to help the school better the advantages offered the students. In doing this they are aiding the students to promote not only the welfare of the community but the state as well.

The teachers will meet on the second Saturday of each month at Yoe High school from 9 to 11:30 a. m., and every one interetsed in this work is cordially invited to attend. It is purposed to have out-of-town educational leaders speak at certain of the meetings and an interesting and profitable session is promised all who attend.

DR. G. E. SUTTON IS APPOINTED VETERINARY FOR CITY OF CAMERON.

Tuesday night the city council appointed Dr. G. E. Sutton as city sanitary inspector and veterinarian. At the same time the city appointed Dr. Sutton it passed an ordinance requiring the daries to comply with strict sanitary regulations in handling the public milk supply.

Dr. Sutton was instructed by the council to begin at once to enforce the provisions of the ordinance and all dairy operators will be required to get license issued by Dr. Sutton for the city before they are permitted to deliver milk.

The ordinance also provides for tubercular tests of dairy herds. It complies in every way with the state law and will be rigidly enforced by the city through Dr. Sutton.

All dairy operators should get in touch with Dr. Sutton at once and comply with this ordinance as it will be necessary for the operators to familiarize themselves with the details of the ordinance which is printed in this issue of the Herald.

Mesdames Hubert Atkinson and H. M. Yager of Maysfield were in the office this morning.

Mrs. Walter Cox of Clarkson was shopping in the city Thursday.

FOR SALE—Four Room Bungalow two blocks of Yoe High School. See 20 4tc Jack Dinkens.

That famous "Merit" bread from Dallas at Parma's.

LESSONS IN THRIFT.

The old idea of education was comprised between the boundaries of "readin', ritin' and 'rithmatic." The modern idea is that education should prepare for life, as well for the utilization, of print, pen and figures.

The progress made towards a rational educational system is well show in statistics quoted by Samuel H. Beach, of Rome, N. R., president of the Savings Bank Division of the American Bankers Association. He said:

"Two million students in schools now are participating in school banking system. This is a 34 per cent increase over last year. The deposits of the students total $9,618,000 as compared with $5,775,000 in 1922, and $2,800,000 in 1921."

The banking habit is the foundation of industrial wealth. A people which will not save can not prosper. Few men easily learn to save after they are grown. Habits of thrift learned in chilhood persist through adult life; habits of spending, formed in boys and girls, make irresponsible men and women, too often liabilities rather than assets to society.

Two million children learning to save pennies in public school banking systems are a sound guarantee for a saving manhood and womanhood in the coming generation. Nor does the fact that the average bank account of the school child amounts to only $4.80 mean anything. That four-eigthy is the sum of many five and ten cent deposits, sums which bear the same relation to the income of the child, as the deposits made by his elders have in relation to the elder's income. Twenty-six million Americans have savings accounts totaling $17,300,000,000 or $665 each. The two million school boys and girls who today have their little savings accounts and thus learn that the labor of today must be conserved to some extent for the expenditure of tomorrow, are the country's guarantee that in the next ten years the increase in our savings accounts will more than equal the increase in the last ten years, which was 100 per cent.

STOP THAT ITCHING.

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relives all forms of Sore Feet. For sale by all Druggists. tf

Spur Farm Lands

(Northwest Texas.)

Many farmers are making a hard or doubtful living on high priced lands in localities cursed with insect pests, or floods, or drouth, or other enemies to successful farming. The end of each year finds time and energy practically wasted—no progress made. Spur Farm Lands offer relief from these conditions. Any good farmer can pay for these lands from the products thereof. Of the nearly one-quarter of a million acres of this large Ranch, which have been sold, 81.61 per cent has been paid in full. The balance of these Spur Farm Lands, some of which have never been placed on the market before, offer productive, easily cultivated land, at low prices and on easy terms. Splendid crops are raised without irrigation. No boll weevil ever known here. Altitude 2,000 to 2,600 feet.

Considering the reliable production of these lands—prices are as low as anywhere in Texas. According to the 1920 census, Dickens county made the largest gain in increse in number of farms for the previous decade of any county in the State of Texas below the Cap Rock. Splendid climate; no malaria, chills, or fever; good churches; excellent schools. Dickens county has the best gravel roads of any county in Northwest Texas; some of them built under State and Federal superivision. We offer the homeseeker a wide range for selection, and are selling direct—no commission to anyone; the purchaser receives full value in dealing direct with the owner as opposed to paying a middle man several dollars per acre.

We also offer STOCK FARMS AND SMALL TRACTS, perfectly adapted to this purpose at reasonable prices and terms.

Free illustrated booklet, giving all particulars, on application to

SECRETARY OF WAR IN MILAM REALTY SALE

PORT SULLIVAN DOCKS AND SITE SOLD TO COMPANY AND DEEDS ARE FILED.

Dwight F. Davis, acting Secretary of War of the United States, has executed a deed in favor of the K. Tidman & Company for the poperty known as the Port Sullivan docks and sight erected on the Brazos river some years ago when that stream was thought to be navigable.

While thousands of dollars were spent on this project the property has been sold for $3,560. The property consists of cement docks built in the river and familiar to the people of Milam and Robertson counties, and 20 44-100 acres of land in Robertson county; and three tracts in Milam county, one for 3 3-4 acres, one for 4 3-4 acres and one for 9-10 acres of land.

It is thought that the company buying the porperty will utilize land for farming purposes as the matter of navigating the Brazos has long since been declared impractical.

Other real estate transfers for the week are as follows:

Woodfin G. Smith to Willard B. Smith five tracts of land near the city of Branchville.

$2750—Charile Stubbs to J. E. Stubbs lots in the City of Gause.

$1500—H. E. Graham C J. Jones lots in the town of Gause.

$575—W. M. Cobb to L. V. Murphy lot in the city of Cameron.

$1000—T. S. Henderson to Fred Bennett, improved property in the City of Cameron.

$2250—J. E. Stubbs to J. P. Dubose lots in the City of Gause improved.

$2500—Emma T. Jenks to George Richards residence in the City of Cameron.

$6500—Mrs. Mattie Springer to John Hrozek, Sr., acreage property adjoining the city and the Santa Fe railroad.

IN DISTRICT COURT.

No court was held this week in the District court, the time of the District Attorney being taken up in the county court where cases are being tried this week.

The case State of Texas vs. Arthur Von Rosenberg has been set down for Monday October 8.

State of Texas vs. Rodney Cravey, charged with killing a Mexican on his place at San Gabirel, October 11.

State of Texas vs. Allan Scroggins charged with the killing of a negro at Davilla, October 1,.

The Grand Jury was called into session Thursday morning. The grand jury will have to investigate two murder cases.

PAYMENT OF TAXES BEGINS.

Monday morning the tax books of the tax collector were opened and a busy day was put over by the force in the office to take care of the payments.

The first man to pay his taxes was A. L. Caywood from Talbot Ridge. Mr. Caywood was also the first man to pay his taxes in 1922. Up to noon Wednesday there had been issued at the office seventeen poll taxes.

Tax paymnts are permitted up to and including January 31, 1924. Tax Collector W. A. Bonds is on a tour of the county this week to make collection of the taxes.

STATEMENT OF THE OWNERSHIP, MANAGEMENT CIRCULATION, ETC.

Required by the act of Congress of August 24, 1912:

Of Cameron Herald published weekly at Cameron, Texas for Oct. 1923.

STATE OF TEXAS,
County of Milam,ss:

Before me, a notary public in and for the State and county aforesaid, personally appeared J. B. White, who, having been duly sworn according to law, deposes and says that he is the manager of the Cameron Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names ond addresses of the publisher, editor, managing editor, and business managers are:

Publisher, J. B. White, editor and manager, Cameron, Texas.

2. That the owners are: J. B. White, W. O. Triggs, J. G. Vest, J. R. Hays, Robert McLane, J. P. Werner, R. P. Jeter, H. M. Hefley, T. S. Henderson, Jr., J. T. Parma, W. B. Skelton, Judd G. Davis, R. A. Tag, Walter F. Sharpe, Lloyd Mitchell, Lee R. Tagg and Harry W. Tag.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: There are none.

J. B. WHITE, Manager,

Sworn to and subscribed before me this 2 day of October, 1923.

MRS. R. L. McCOWN,
Notary Public, Milam County

COOLIDGE AND CABINET TO VISIT MASONIC MEET

TO WITNESS LAYING OF CORNERSTONE FOR WASHNGTON THE MASON.

Alexanderia, Va., Oct. 2.—President Coolidge and his entire cabinet have accepted the invitation to be present at the Masonic ceremonies attending the laying of the cornerstone of the memorial to "Washington the Mason" in this city on Nov. 1. Such is the announcement made by J. H. Price, Grand Master of Masons of Virginia.

Chief Justice William H. Taft will deliver the principal address.

The trowel used by George Washington when he laid the cornerstone of the Capital of the United States, September 18, 1795, is to be used when the cornerstone of the George Washington Masonic National Memorial is laid. This trowel is now the property of Alexandria-Washington Lodge No. 22, A. F. & A. M. of Alexandria.

A Masonic club house is being erected in Melbourne, Australia at a cost of $300,000.

Columbus, Ohio, Oct. 2—As a proof that Freemasons have always been directly interested in public education the following minute from the proceedings of 1847 of the Grand Lodge of Ohio is very significant.

The resolution reads: "It shall be the duty as no doubt it would be the pleasure of every lodge in the state to have a list of all the Masons and Masons' children living within its jurisdiction, and by its own committees and officers to cause every child of every Mason, especially the orphans and those of the poor and indigent, to receive the benefits of a common school education."

Omaha, Neb., Oct. 2.—In the annual parade of the Aksarben Association in this city local Scottish Rite bodies and Tangier Temple of the Shrine will be represented by a float featuring the Little Red School House. By this means the local Masons intend to show that popular education is the particular interest of Freemasonry.

EXCEPTIONAL RIDING COMFORT

The new Dodge Brothers Touring Car is exceptionally comfortable to ride in; it is good looking; and it incorporates many important refinements of detail.

The body is longer and lower, eliminating side sway, affording more leg room, and enhancing the beauty of the lines.

Deeper seats, long underslung rear springs and longer front springs, give ample assurance that cross country touring can be enjoyed without weariness or fatigue.

Yet with these improvements, and many others, it is still fundamentally the same car—built on the same chassis and powered by the same sturdy engine.

PASSING SPECIAL SESSION BUCK TO SECRETARY WALLACE

There is talk here now of a special session of Congress to deal with the agricultural situation, but Senator Borah, who recently dined with President Coolidge and discussed the matter with him expressed the opinion that a special session would be useless unless a remedy first was found which the Congress could apply.

Prior to Senator Borah's visit the President's Cabinet discussed the agricultural situation, but the discussion seems to have simmered down to putting the whole matter up to Secretary Wallace to find a remedy. The Secretary of Agriculture has been something of a Philistine in the Cabinet. He has not hesitated to point out the exorbatant prices the former has to pay for the things he buys and the low prices of the things he sells. He has called attention to the low purchasing power of the farmer's dollar and he has talked bluntly of the high freight rates which have increased from 11 cents a bushel to 22 cents a bushel on wheat. In other words, he has confirmed every fact concerning the disparity in price between what the farmer buys and what he sells, so frequently set forth by Democratic spokesmen. He has exposed the fallacy of a tariff on agricultural products by saying that we cannot expect our farmers will meen any less severe competiton in European markets during the coming year than they have met during the last year.

A committee of economists under the direction of Secretary Wallace made it clear that one cause of the decline in agricultural prices was the economic breakdown in Europe, and then declared against Republican isolation in the following strong terms:

"The only possibility for an important increase in purchasing power lies in the ability of Europe to expand her manufactured exports. It is of the most vital interest to American agriculture that the United States lend and in every way possible to the settlement of the reparation and other European problems."

This recommendation has been wholly unheeded by the Republican administration. The only remedy administration spokesman have suggested is that the farmer produce less wheat, which, by economists, is regarded as no remedy at all.

With all of his blunt frankness Secretary Wallace has not yet proposed the one obvious remedy: Reduction of the tariff to reduce the price of the articles the farmer has to buy, which with a revision of transportation charges, would materially increase the purchasing power of the farmer's products.

So far there is no indication that the present administration will be any more yielding on the tariff than the Harding administration. The protected special interests are the backbone of the Republican party as at present organized and controlled, and so long as this continues to be the case it may be doubted if anything done by the present administration will amount to any more than another attempt to hoodwink the farmers and "jolly" them along until after the next election.

CHAMBRAYS AGAIN ADVANCED BY TARIFF GOUGERS.

Chambrays and other goods of the kind are to be advanced in price an average of one cent a yard, according to information given by representatives of several different mills. These increases in price will be effective on goods ordered for delivery during the last quarter of the current year.

Several "boosts" have been made in the prices of chambrays and ginghams since the passage of the Fordney-McCumber profiteers' tariff, which imposed heavy duties on these cotton textiles. The present average ad valorem tax on cotton manufactures is about 54 per cent. This is an increase of 58 per cent over the duties fixed on such fabrics by the Democratic Underwood tariff.

YOU ARE CORDIALLY SILICITED

To visit our interesting and instructive exhibit at the Texas State Fair Dallas; Waco Cotton Palace, Waco; and Louisiana State Fair, Shreveport, La. We want all of our Fifty Thousand former Students, friends, and those interested in education, to visit our booths in the Exposition Buildings, and see our wonderful exhibits, which has repeatedly won First Honors at State Fairs in four different states. Our displays are educational and interesting to old and young. We have demonstrations on the most modern office appliances, all of which are taught in our school, exhibits of students work in Bookkeeping, Business Training, Shorthand, Typewhiting, Business Finance, Penmanship, Cotton Classing, Telegraphy, Radio and Civil Service.

Visit our booth and you will see why we have the largest Business Traning School in America; you will understand clearly how we can make you a more practical and thorough stenographer in three and one-half months with the Famous Byrne Simplified Shorthand than other schools teaching other systems can in seven months; why with our original copyrighted system of Bookkeeping and Business Training we we can give you a course of both Bookkeeping and Business in less time than other schools teaching other systems can give you a mere theoretical course of Bookkeeping; why our practical department of Telegraphy and Radio, the largest in the United States, with a loop of the Cotton Belt Railroad train order wire, giving real messages to our students, using every station blank and record book that is used by the Western Union or Cotton Belt, turns out practical operators and station agents; why graduates of our Cotton Department are the most successful cotton buyers; and why it is that we good positions and have more calls than we can fill.

Write today for catalogue and read what we guarantee to give you, what our former students say we have given them, and what their employers say of their exceptional efficiency. Get the facts and you will soon decide the kind of education you want and the place to get it.

Address

TYLER COMMERCIAL COLLEGE,
Tyler, Texas.

Name .....

Address .....

Name of paper .....

THE STATE OF TEXAS.

To the Sheriff of any Constable of Milam County:—GREETING:

You are hereby commanded to summon A. B. Davis, and if the said A. B. Davis be dead, then the unknown heirs of A. B. Davis and the heirs and legal representatives of such unknown heirs, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Milam county, Texas, to be holden at the court house thereof in Cameron, Texas, on the second Monday in November, A. D. 1923, the same being the 12th day of November A. D. 1923, then and there to answer a petition filed in said court on the 10 day of September, A. D. 1923, in a suit numbered on the docket of said court No. 8959, wherein J. L. Powell is plaintiff and A. B. Davis and the unknown heirs, are defendants, said petition alleging:

That the plaintiff resides in Williamson county, Texas, and that the residence of A. B. Davis is unknown, and that if the defendant, A. B. Davis, be dead, then that the names and residences of the heirs of A. B. Davis are unknown. And that the plaintiff is the owner by fee simple title of the following described tract of land situated in Milam county, Texas, to-wit:

Being a part of the David Mumford league survey of land and beginning at the southwest corner of a tract of 460 acres out of said survey which was conveyed by T. W. Robinson and Samuel Carter, administrators of the estate of Sarah Mumford, deceased, to A. B. Davis by deed dated February 1st, 1872, and recorded in Vol. "B" 2, page 536 of the deed records of Milam county, Texas, such beginning point being in the center of Donahoe's Creek; thence North 19 E. 2038 varas to corner; thence South 71 East 353 varas to the N. W. cor. of the 104.8 acre tract conveyed by A. B. Davis to R. M. Wiley and R. S. Porter by deed which is recorded in Vol. "A" 1, page 63 of said deed records; thence S. 19 W. 1980 varas to the S. E. corner of this tarct in the center of Donahoe Creek, from which a Cottonwood brs. N. 43 W. 8 varas; thence up the center of said creek with its meanders to the place of begining, containing 123 acres of land.

That the plaintiff and those under whom he claims have had peaceable, actul, adverse possession of all of said land for more than ten years next preceeding the institution of this suit, and that any right of action which te defendants, or any of them may ever have had to recover said land, or any part thereof, accrued to them and each of them more than ten years prior to the instiution of this suit. And plaintiff pleads the Statute of Limitation of Ten Years in bar of any right in defendants, or any of them, as to any portion of or interest in said land.

Plaintiff further alleges that by deed dated May 23rd, 1876, and recorded in Vol. E 2, page 408 of the deed records of Milam county, Texas, A. B. Davis conveyed to D. C. Robinson 123 acres of land out of said David Mumford league survey, by which deed A. B. Davis intended to convey the land above described, but by mistake in drawing such deed the beginning point of said tract was named as "the southwest corner of a servey made for A. B. Davis by W. J. Covington," from such beginning point should have been named as the southwest corner of the 460 acre tract conveyed to A. B. Davis by the administrators of Sarah Mumford, deceased. And plaintiff shows that by a regular chain of conveyances from D. C. Robinson and his vendees plaintiff is the owner of and in possession of the land intended to be described in said deed from A. B. Davis to D. C. Robinson, and that the land which was actually delivered under said deed from A. B. Davis to D. C. Robinson and by the vendees of D. C. Robinson down to and including plaintiff was and is the land hereinabove first described.

Plaintiff alleges that it appears from the deed records of Milam county, Texas, that at one time the defendant, A. B. Davis, had or claimed some interest in or title to the land above described, which does not appear to have ever been properly divested out of him, and that if the said A. B. Davis be dead, then it would appear from the face of said records that the unknown heirs of A. B. Davis have some interest in or title to said land, as his heirs, and that such facts constitute a cloud upon plaintiff's title to said land.

Plaintiff prays that defendants be cited by publication to answer his petition, and for judgment against all the defendants correcting said mistake in said deed from A. B. Davis to D. C. Robinson and removing said cloud from plaintiff's title to said land, and for all such other relief, both in law and in equity, to which he may be entitled.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in the City of Cameron, Texas, this the 10 day of September A. D. 123.

PENN WOLF, Clerk,
Of the District Court of Milam County, Texas 20-4t

ROBS CALOMEL OF NAUSEA AND DANGER

MEDICINAL VIRTUES RETAINED AND IMPROVED—DANGEROUS AND SICKENING QUALITIES REMOVED PERFECTED TABLET CALLED "CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enteres upon a wider field of popularity,—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in origihal sealed packages, pure 35 cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

WE CARRY IN STOCK—
Excello Weed and Timber Killer
KILLS ALL TREES, SPROUTS AND NOXIOUS PLANTS

It is a concentrated chemical in liquid form, for clearing the farm of all wild onions, garlic, wild rhubarb, Canadian thistle, morning glory vines, Johnson and Bermuda grass and other noxious weeds. The Excello Timber and Weed Killer is unequaled and excells any limitation on the market. It is a salvation to the farmer whose land is infested with these pests of vegetation.

In permanently destroying dandelion, platain and other pest plants on lawns, caution should be used in applying Excello Timber and Weed Killer, so as not to kill lawn grasses surrounding them. It only requires a few drops applied directly to the center of these plants. We manufacture a specially designed sprayer or dropper, that we recommend to be used in exterminating such plants that affords a portection to the lawn grasses.

Driveways in parks and in cemeteries are kept clean of weeds by spraying with an ordinary sprayer or sprinkler. Weeds on vacant lots can be quickly and economically destroyed by spraying, and is far cheaper and more efficient than mowing.

One application of this liquid is sufficient for the season. Directions on the container.

Children Cry for Fletcher's
CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of

DARING FREE ACTS AT TEXAS COTTON PALACE

Exposition at Waco Will Offer Thrillers to All Those Inside of the Grounds, Oct. 20 to Nov. 4.

Waco, Texas. — Sensational free acts will be seen on the Texas Cotton Palace Exposition grounds at Waco, twice daily during this year's show, which is from Oct. 20 to Nov. 4. These acts are absolutely free to all those inside the grounds, and are provided for the entertainment of those who delight in seeing the daring feats of the amusement world.

Among the free acts of a sensational nature is Fred Cunningham, king of the high wire, who performs all kinds of antics on a 3-8 inch wire and defies death every time he takes to the air.

FOOTBALL GAMES AT THE COTTON PALACE

Four Big Grid Battles During Exposition at Waco; Baylor University vs. A. &M. College on Nov. 3.

Waco, Texas.—Football enthusiasts will have an appetizing menu served to them at this year's Texas Cotton Palace Exposition, at Waco.

On the opening date, Oct. 20, Cameron High gridsters will oppose Waco High, both conceded to be among the best High School teams in the State of Texas. The following Saturday, Oct. 27, Ouachita College, Arkansas, will oppose Baylor University, last year's conference champions. Friday, Nov. 2, will see Belton High School opposing Waco High, which promises to be one of the best High School games of the season.

On Saturday, Nov. 3, the football classic of the South, A. & M. College vs. Baylor University, will be the attraction. Fifteen thousand people witnessed the game between these two teams last year. The seating capacity has been increased for 20,000 on Nov. 3.

CHAIRMAN ADAMS STILL TRYING TO FOOL THE FARMER.

Farmers in the wheat belt will read with interest but hardly with conviction or patience the statement of Chairman John T. Adams of the Republican National Committee that the prospects are "for a continuation of generally prosperous conditions" in the United States.

"The agricultural condition is not normal, but it is improving," says Mr. Adams. He then cites a report of the Department of Agriculture to the effect that on August 1 this year the prices of agricutural products averaged 15 per cent above the level on the same date in 1922.

Mr. Adams was careful to avoid any reference to the increase in the cost of living in the last fifteen months. This rise has more than kept pace with the recovery of agricultural prices. In fact the cost of the commodities the farmer buys from others has absorbed every cent of the increase in the prices of what he has to sell.

WELL ON SHELANDER FARM MAKING OIL AND WATER.

W. W. Bynum is rigging up for his No. 3, well on his Niehaus lease. Wilson et al. on the Dr. Coulter farm have completed a well for six barrels at 1,130 feet. Dr. T. D. Rountree of Rockdale is drilling his No. 1 at 640 feet on his farm near the Watson lease of Jones, Wallace and Leach.

Niehaus, Isaacs & Lee Oil Co., has completed their No. 4, well on the Neihaus farm for twenty barrels per day. The Clifton Bros. well on the Shelander farm is making oil and water. They are trying to shut off the water. Should they succeed in so doing it promises to be a good producer. This would open up considerable new territory for development.

The Texas Petrolium Development Co., is drilling at 500 feet on its No. 3 well on the Niehaus 100-acre lease. Noack Bros. of Rockdale are rigging up for a test on the Baldridge farm, near Cat Tail Creek, offsetting Joe Strelshy.

Kemp & Underwood are rigging up for No. 2 well on their Robert Isaacs lease, No. 1 having been completed for an eight- barrel well. The Texas Petroleum Development Co., is underreaming to set ten-inch casing in the old 1,300 foot hole before starting on the deep test on the R. L. Batte farm.

RESOLUTIONS OF RESPECT.

September 28, 1923.

To the officers and members of San Andres Lodge, A. F. & A. M. No. 170:

We, your committee, who have been appointed to draft resolutions of respect on the death of Brother J. M. Eplen, beg to submit the following:

Whereas, the alwise God and Supreme Ruler of the universe has seen fit in his mighty wisdom to call from "labor to refreshment" our beloved brother, J. M. Eplen.

Whereas, our lodge has lost one of its most faitful members, who ever demonstrated his devotion and fidelity to the order.

Resolved, that we, the members of San Andres Lodge, extend to the family our most sincere sympathy in this sad hour of sorrow and tender our assistance, as far as posible, in solving the problems of life.

Resolved further, that a copy of these resolutions be spread upon the minutes of this lodge; a copy sent the family; and a copy furnished the local papers for publication.

Fatemally submitted,
T. F. HARDY.
JEFF T. KEMP.
MAX COLLINS.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

TEXAS COTTON PALACE OFFERS GRAND OPERA

San Carlo Grand Opera Company to Appear for Six Performances at Exposition This Year.

Waco, Texas.—Unusual interest is being manifested in the forthcoming visit of the San Carlo Grand Opera Company to the Texas Cotton Palace Exposition at Waco.

This famed musical organization will appear for six performances at the Cotton Palace, five nights and one matinee. They open on Monday night, Oct. 22, with "La Boheme," and close Friday night, Oct. 26, with "Traviata." Other operas to be heard during the week include "Madame Butterfly," "Cavalleria Rusticana" and "Pagliacci," "Rigoletto," "Il Trovatore."

The San Carlos Company enjoys the reputation of being the foremost traveling grand opera company. Its personnel includes many of the foremost stars of the operatic world, all of whom will appear during the Cotton Palace engagement.

HORSE RACES TO BE COTTON PALACE EVENT

Some of the Fastest Running Horses of the Track to Be Seen at Waco During Exposition This Year.

Waco, Texas.—Visitors to the Texas Cotton Palace exposition at Waco this year, Oct. 20 to Nov. 4, will have an opportunity to see some of the fastest horse flesh in the country in action. It will be the first horse races at the Cotton Palace since 1917.

There has been a popular demand for the revival of horse racing, and the Cotton Palace has met this demand by signing some of the fastest horses from Texas and other States for the racing program.

There will be four days of running races at the Cotton Palace, Monday, Oct. 22; Wednesday, Oct. 24; Thursday, Oct. 25, and Friday, Oct. 26.

That Good Ginning Should Mean as Much to You Cotton Growers as Good Seed, Good Implements and Good Farming Methods?

Of course you know it.

Every cotton farmer knows that a good gin can turn out higher grades of cotton than an inferior or out-of-date gin.

We know that you know it; but this is merely to remind you that our No. 2 Gin is in the class that offers that **Good Ginning** that you should want.

The money that we spent on new machinery before the opening of this ginning season has given us the best equipment which modern engineering skill has been able to devise. We clean your cotton and raise your grades.

If you want samples which will bring you the most money for your labor in the cotton fields—

Let Batte Do Your Ginning at

No. 2 Gin

R. L. BATTE

Pioneer Ginner of Milam County.

AUTOMOBILE RACES AT COTTON PALACE

Fastest Dirt Track Drivers in the World Will Try for Valuable Purses at Waco

Waco, Texas.—Auto races at the 1923 Cotton Palace! It is at an automobile race in which real champion racers and drivers are entered, such as those are to be this fall at the big exposition in Waco, that one has the opportunity to get a real thrill, to see real speed. And the motor races this year promise to be equally as thrilling as any of the famous dirt track classics held on the Cotton Palace oval in past years. The purses offered this year to the winners in the various contests are unusually large and tempting, having already caused several of the country's foremost speed demons to sign up on the entry card.

It will be remembered that it was at the 1922 Cotton Palace that the famous racer, the "Winconsin Special" was entered, and took off first prize. Since the widely heralded feat of this narrow one-man racer, with no crank or starter, no brake, absolutely nothing but a steering wheel with which to guide the long, slender, beauty of the racing world, this "Wisconsin Special" attracted such widespread attention at the 1922 Cotton Palace last fall that the foremost racing drivers of the world have taken up the narrow type car, which has to be pushed off to start its motor running, and allowed to run down the throttle is pushed off before it can be stopped. The world's championship race at the famed Indianapolis speedway was won this year in this type of car for the first time in the history of motordom. And it was at the International Exposition of the Cotton Palace in 1922 that the one-man racer first attained prominence. Automobile races by some of the foremost drivers in the best racing cars of the country is the drawing card for this year's Cotton Palace at Waco.

Waco, Texas.—Low rates will be in effect on all Texas railroads for the Texas Cotton Palace Exposition at Waco, Oct. 20 to Nov. 4. Tickets can be bought from any point in the state at greatly reduced rates.

666 Cures Malaria, Chills and Fever, Dengue or Bilious Fever.

Ouch! My Back! Rub Lumbago Pain Away

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

BUICK 4 WHEEL BRAKE NOVEL CAR IMPROVMENT

CREATES MUCH COMMENT ALL OVER NATION SAYS MANAGER.

Buick's conviction as to the soundness and practicability of four-wheel brakes was substantially exemplified in the fact that thousands of cars so equipped, involving an investment of many millions of dollars, were built and shipped before they were presented to the public. When Buick announced them on August 1st, they were ready to be shown at more than 1,500 points in the United States, certainly an impressive manifestation of faith.

Quite naturally the unpercedented sale of Buick cars has intensified the four-wheel brake discussion. What these brakes will do and what they will not do in comparison with brakes on rear wheels only, has unquestionably become the leading topic of motordom.

More than a month has passed since these brakes were brought out on the 1924 Buick models and according A. E. Schiller, never has an automotive engineering development been so generally accepted. Sales have exceeded all expectations in spite of the fact that the factory is working on a production schedule far in excess of any previous years.

Buick engineers experimented with four-wheel brakes even before they were adopted in Europe, where at present 75 per cent of all cars have them; says Mr. Schiller, while the present Buick system was subjected to hundreds of thousands of miles of road testing before finally approved. "All this involves a tremendous outlay of time and money," says the Buick dealer.

"The change from two-wheel brakes only was inevitable in face of the fact that for twenty-five years engineers have been unable to further perfect the latter, and the necessities of the present traffic situation," continues Mr. Schiller, "Average speeds of automobile operation have so increased in the last few years and traffic congestion has become such that brakes on four-wheels has become the only answer

Three favorite questions of those brakes are these:

1. "Is there any difference in the 'feel'?"
2. "Is the stopping smooth?"
3. "Is steering affected in turning corners?"

It seems to be now agreed that there is no very noticeable difference in manner of operation while probably the most pleasant surprise to those trying four-wheel brakes for the first time is the absence of jerk or jar in bringing the car to a standstill. As one critic aptly puts it: "The sensation is as though the whole car were topping instead of the rear wheel alone."

As to the third question. Proponents urge that in mechanically operated brakes, such as the Buick, the brake shafts, by means of small universal points, are free to move any way the wheel turn. Just as in most two-wheel brakes, compensators are employed to offset any tendency to distortion.

Advocates of four-wheel brakes declare that no constructive criticism has been forthcoming from opponents. As General Sales Manager Strong of Buick puts it: "all adverse comment consists of 'ifs'."

"If the four-wheel brakes do not work properly.

"If they are not properly adjusted at the beginning.

"If they do not stay adjusted, etc.

"Why not condemn rar brakes by the same ifs? Why not condemn the motor car as unpractical? If you should happen to run out of gasoline in the country? Or if you should happen to fall asleep at the wheel?"

FORD PRODUCTION RECORDS BROKEN DURING SEPTEMBER.

With prospects for the greatest business in the history of the local Ford assembling plant exceedingly bright, R. S. Abbott, manager of the plant, left during the past week for a tour of inspection of the territory served by the Houston organization.

"The purpose of my trip is to determine what the territory will demand in the line of cars, trucks and tractors in the next 60 days," Mr. Abbott stated. "During the month of August our dealers in this idstrict sold 5828 cars and trucks at retail, making it the greatest month in the history of the plant.

"August sales showed an increase of 1300 cars and trucks over July buiness, which was considered our banner month. Present indications point to even a greater amount of business this month and our quota has been set at 6000 cars and trucks, but I fully expect to pass that mark.

"On September 15 there remained 4232 orders which we were unable to fill. In August we delivered 892 trucks. The quota for this month is 1000 trucks. Rice farmers and other farmers are getting the bulk of the trucks, but industrial firms are taking a considerable number.

"Our tractor business for this month will more than double August sales. The tractor demand will become greater as the plowing season progresses, we believe.

"This year has been a banner one for the Houston plant. In the first nine months of the year we sold more than in any previous year, and in the remaining months of this year the increase probably will be 20,000 cars over last year."

LEAK!

It isn't necessary to call upon us a second time to repair any Plumbing work we have installed. In the second place, should such a condition arise we are ready at a moment's notice to repair the trouble. Only the best of materials are used and the most experienced of men are employed.

Cameron Plumbing dna Electric Co.

Cameron, Texas.

The first fire alarm in three months occured Saturday night of last week when an oil stove in the rear of the Bonds & Tyson confectionery became ignited after Mr. Tyson had made the mistake of pouring gasoline instead of coal oil in the stove. The gasoline spread quickly and for a few minutes it looked as though serious damage would result. Employes of the confectionery quickly formed into a fire fighting organization and although the city firemen responded not much damage was done. Mr. Tyson was silightly burned but not serious. Chief Monta Thomas says this is the first alarm sent into the station in three months. Cameron may soon regain her credits for a good fire record.

OLD PAPERS RELATE DOINGS OF REPUBLIC

MASONIC GRAND LODGE HAS COPIES PRINTED IN SAM HOUSTON'S TIME.

Waco, Texas Sept. 29.—Among the treasures in the vault of the Masonic Grand Lodge Temple here, and which are in the custody of Grand Secretary W. P. Pearson, are bound volumes of papers, some of which were printed little more than two years after Texas won her independence on the battle field of San Jacinto, while Sam Houston was serving as first President of the Republic of Texas, twenty-three years before the Civil War began, and eleven years before the gold strike in California. These papers were brought to Waco in 1902, when the headquarters of the Masonic Lodge of Texas were moved from Houston to Waco. Though some of them are more than four-score and five years old, they are in a good state of preservation, having been well cared for during a period of little more than eighty five years.

Writing for the Gonzales Inquirer in 1903, the late "Uncle" Charley Hanson, recalling the history of the pineer press in Texas, stated that Charles DeMorse established a paper in Nacogdoches in 1838, the name of which Mr. Hanson did not recall. He also declared that in 1826 a Mr. Brewster started a paper in Velasco, and in the fall of that year moved it to Columbia. At about the same time, he said, Simon Masina, with James Atwell, began the publication of a paper in Matagorda known as the Matagorda Dispatch. It was in the office of this paper that Uncle Charley learned his trade as printer.

The oldest of the bound volumes of the early papers to be found in the temple is that of the Telegraph and Texas Register, published in Houston by Cruger and Moore, and the first number in the volume is dated August 11, 1939, Francis Moore, Jr., editor. Since this issue bears the designation, "Vol 111, No. 50," it is assumed that the Telegraph and Texas Register came into existence even before the Texans, under the leadership of Sam Houston, vanquished the Mexican hordes under Santa Anna, thereby freeing Texas from Mexican domination.

The publishers' announcement declares that the Telegraph and Texas Register is published twice a week during the sessions of Congress—the capital of the Texas Republic was located in Houston in 1838—and weekly the remainder of the year. Five dollars per year was the subscription price, in advance, and $7 at the end of the year. The paper consisted of four pages, five columns to the page, set wide measure.

Advertising rates in the Telegraph and Texas Register, in 1838, were $1 per "square" for the first insertion and 50c for each "continuance." A "square" was designated as eight lines or less. Marriage and obituary notices of more than three lines, with announcements of candidates for politicial offices, were charged for at the rate of commercial advertising.

The issue of Aug. 11, 1838 contains this announcement in blackfaced type on the editorial page: "For President, Gen. Mirabeau B. Lamar; for Vice President, Hon. David G. Burnet."

The Telegraph and Texas Register contained a generous assortment of both foreign and domestic news, news, eighty-five years ago. This was before the days of the telegraph system in Texas, of course, and prior to the building of any railroad in the State. News was secured from papears reaching Galveston by boat, as is evidenced by the following statement, which appears in the issue dated Sept. 8, 1939:

"The Columbia arrrived at Galveston on Thursday last, but we did not receive our files of United States papers from her in season to make many extracts this week. The extract, copied in another column, relative to the disturbance on the west front of the United States, is the chief item of intelligence."

Much of the space of the Telegraph and Register, in 1838, 1839 and 1840 was devoted to Indian depredations in Texas. On Oct. 6, 1838, this item was printed: "The whole tribe of the Tonkewas have been recently captured by the citizens of the West and taken to Victoria. They were surrounded in their camp near that place and surrendered instantly, without resistance. Our informant states that the inhabitants of that section intend to punish those who were engaged in the recent murder on the LaBaca and will release the remainder of the tribe."

Mention is made in an issue of the paper on Oct. 20, 1830, of a man convicted at Brazoria of manslaughter and sentenced to be whipped and branded. This is followed by an editorial comment which reads: "We regret that our laws still preserve a tincture of barbarism." In a subseqeunt issue of the Telegrahph and Register that paper is informed that the man was sentenced to two years in prison and that the "branding" feature was eliminated.

Foreign news in the paper of Nov. 14, 1838, declares that "Louis Napoleon has abtained a passport for England."

The same paper, in briefing foreign news, says that the "journey from London to Liverpool is performed in eleven hours by railway, the cars of which pass at the rate of nineteen miles an hour."

In 1838 the famed "Twin Sisters," used with such telling effect in the battle of San Jacinto, and which, according to history, created such consternation among the Mexicans, were in Houston, for on Aug. 18 of that year the Telegraph and Register said: "The two pieces of 'hollow ware' styled the "Twin Sisters' of San Jacinto, were brought into this city son Monday last. We are glad to find they are still in excellent condition."

Humor was not lacking on the part of the publishers of the paper in 1838, as will be attested by the following incident, captioned "An Affair of Honor:"

"A negro barber of this city recently received a challege from a 'colored gemman,' but being ignorant of the 'code of honor," he neglected to make Tamende honorable' to the satisfaction of his opponent, and a street brawl ensued, but owing to the timely interference of the City Constable, neither was enabled to obtain 'de satisfaction of a gemman,' and both were immediately dragged before the Mayor, by whose order they were severely whipped. They have since shown an entire aversion to 'de vulgar practice of dulin.'"

As far back as 1838 citiations for divorce were printed in Texas papers, for in that year the Telegraph and Register carried one, to which was affixed the name of the Hon. J. W. Robinson, Judge of the District Court in and for the Republic of Texas, and that of James S. Holman, clerk.

Notices stating that runaway negro slaves had been taken up appear frequently in the issues of 1838 and many of these bear the name of William Stephenson, Sheriff of Jefferson county, Beaumont.

Eighty-five years ago railroads were projected in Texas, for an advertisementof the Brazoria & Galveston Railroad Company, of which William G. Cooke and Asa Brigham were commissioners, announced that first installments of shares of stock would be received.

The question of religion must have been agitated in 1838, just as it is today, for the Telegraph and Register alludes to a toast proposed at a gathering as follows: "Freedom of conscience, whereby it is enjoyed—may every man have religion enough of his own to be willing not to meddle with that of his neighbor." And the following allusion, along the same line: "Religious liberty—matters of conscience are affairs betwixt man and his God, for which he never should be held answerable to human tribunals."

Issues of the Telegraph and Reister of 1838, during the sessions of the Congress of the Republic of Texas, resembled somewhat the Congressional Record, since all of the measures introduced that year were printed The paper of November 28, 1838, included a message by President Houston, relative to Indian affairs. The inaugural address of Gen. Mirabeau B. Lamar, second President of the Texas Republic, appears on Dec. 12, 1838. His first message to the Texas Congress was printed on Dec. 26, 1838, and his message as President of the Republic, after the capital had been moved from Houston to Austin, may be read in the issue of Nov. 27, 1839.

The last number in the bound volume of Telegraph and Register is dated Dec. 30, 1840, hence the book contains the files for little more than two years.

Bound copies of the Texas Sentinel, beginning with Vol. 1, No. 1, dated Jan. 15, 1840, are also among the mementos in the Temple. This paper, a semi-weekly, was published by Cruger & Bonnell, public printers. It consisted of four pages, three columns to the page, the subscription price being $5 per year.

The largest ship to reach Galveston up to 1840 is recorded in the Sentnel of Jan. 25, 1840. It was the Texas sloop of war, pierced for twenty-two guns, 134 feet long, 600 tons burden and drawing eleven feet of water.

The Sentinel issued a small one-page "extra," March 23, 1840, telling of a fight with the Comanches in San Antonio four days previously, being the official report of H. McLeod, Adjutant and Inspector General. Twelve chiefs were killed during the engamement, which resulted in an attempt on the part of the Indians to "double-cross" the Texans, who were endeavoring to rescue some of the white prisoners held by the Indians.

Another "extra" by the Sentinel, printed on July 15, 1941, told of Mexican hostilities inaugurated at Corpus Christi.

The last issue in the Sentinel files is dated Nov. 11, 1941.

Austin had another paper in 1941, called the Weekly Texian. In those days the word Texan carried an "i." The first issue of this paper in the files in the Masonic grand temple here is dated Nov. 25, 1841, and it was published by G. H. Harrison. The last paper in the bound volume was printed on March 9, 1842.

Files of the Tri-Weekly Telegraph, printed in Houston, are among the other old papers to be found in the Temple, these covering a period of little more than a year, March 20, 1863 to March 23, 1864, E. H. Cushing was the editor and porprietor.

The bound volume of the Tri-Weekly Telegraph contains the official report of the battle of Galveston, in which control of the city was wrested from the Federals by the Confederates under Major General J. Bankhead Magruder whose name is attached to the report.

Scarcity of white paper, so prevalent during the days of the Civil War is shown in perusing the volume of the Tri-Weekley Telegraph, that paper, from March 20, 1863 to March 23, 1964, being printed on more than one occasion on blue, green and yellow sheets, and sometimes on the saffron-hued paper, formerly uesd by meat markets for wrapping paper.

STOP THAT ITCHING.

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relives all forms of Sore Feet. For sale by all Druggists. tf

APPLES—APPLES.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

Ford
THE UNIVERSAL CAR

Prices Reduced

The Ford Car again Sells For Lowest Price In History of Company.

New Prices F. O. B. Detroit

Cameron, Texas.

CAPPER DODGES TARIFF REDUCTION AS AID TO FARMERS

Republican politicians and legislators who discuss the widespread distress among American farmers have gerat difficulty in dodging the tariff as one of the chief causes of these agricultural conditions. Senator Capper is one of the most voluble of these Republican expositors. He has a special interest in the subject now because the farmers of Kansas are in a mood to relegate him in 1924.

Senator Capper must know that the Fordney-McCumber profiteer's tariff is taking from the farmers of this state $66,418,876 a year in a higher cost of living. The Fair Tariff League has given the facts to the country and the agricultural producers of Kansas have been loud in their complaints of this measure. But Senator Capper never once refers to the tariff which he helped to enact and makes no promise to assist in reducing it.

In an interview with Senator Capper gave to the Boston Transcript (Rep.) in response to a series of questions, he came within a hair's breath of telling the truth about the Republican tariff as a factor in the farmer's bankruptcy, but he didn't.

"The farmer's prices today are wholly out of balance with everything else," said Senator Capper to the Transcript. "While the farmer is compelled to take less than the cost of production for wheat and other products his dollar is still a 69-cent dollar. That is all it will buy of other men's good. It places him at a terrible disadvantage. With the farmer's dollar stationary and with a buying power of 60 cents he is up against higher wages for farm labor, higher freight rates and greatly increased production costs. Our great present purpose must be to find means to restore the whole unbalanced situation to a balance that will make the farmer's dollar worth as much as any other man's dollar."

There was a good deal else in the same train in this interview but no suggestion that the tariff ought to be lowered as a method of "balancing" the situation for the farmer and giving him something like a 100 cent dollar. The Fordney-McCumber law, says the Fair Tariff League, benefits the farmers of Kansas to the extent of $256,698 while it increases his burden by $66,418,876.50. The farm value of the wheat crop in Kansas in 1922, on the basis of prices for December 1 of that year, whas estimated by the Department of Agriculture at $120,429,000. The tariff has added to the Kansas farmer's cost of living more than half the farm value of all the wheat grown in the State.

The duty of 30 cents a bushel on wheat has not put a cent in the farmer's pocket because he can't add it to his selling price. His wheat must be sold in a market where the law of supply and demand and not a Republican tariff fixes the price he is to get. But the combines and monopolies which manufacture the commodities the farmer can't produce and must buy—metals, lumber, harwdare, clothing, chemical sand medicines, machinery, tools and equipment—are able to collect their large share of the tariff on their products, and they are doing it.

SLEMP BLAMED BY NEGROES FOR DELEGATE REDUCTION.

Negro Republican politicians in Washington are blaming C. Bascom Slemp, Secretary to President Coolidge and farmer Representative from the Ninth Congressional District of Virginia, for the action of the Republican National Committee in reducing the quota of delegates to the Republican National Convention heretofore allowed to five of the principal Southern States. Secretary Clump was a member of the subcommittee that reapportioned the delegates among the various States.

Secretary Slemp was the promoter of a "lily white" movement among the Republicans of Virginia a couple of years ago and is now suspected by the negroes of his party of a scheme to deprive them of their influence in Republican politics in the South. Republican candidate and their backers have frequently complained about the cost of getting negro delegations from Southern States. It was charged that the negro politicians in those States would often pledge their support—for a consideration—to all the several candidates in the field. None of the candidates could be sure of Southern negro delegates, it was alleged, until their votes were cast in the convention.

The net loss of delegates allowed to the Southern States as a whole is seventeen. The Northern States gain strength by the reapportionment.

RAILROAD BUILDER AND FORMER SANTA FE HEAD DEAD AT TEMPLE.

Temple, Texas, Sept. 20.—L. J. Polk, 79, former vice president and general manager of the Gulf, Colorado & Santa Fe Railroad, died at a hospital here early Sunday.

Funeral servires were held Sunday afternoon and the body will be sent to his old home in Ashville, Tenn, for burial.

Col. Polk was born in Maury County Tenn., August 14, 1854. His early school days were spent in Maury and Giles counties, Tennessee. Subsequently, he attended Bellvue high school in Bedford county, Virginia, near Lynchburg, and the Virginia Military Institute at Lexington, Va.

He entered railroad service on Jan. 1, 1874, as clerk in the general freight office of the then Atlantic & Great Western Railroad, where he remained until Jan. 1, 1876, when, on account of ill health, he came to Texas to accept a position with the engineer corps of the G., H. & S. A. Railway. He remained with the corps until its disbanduent on the completion of the road to San Antonio.

From the fall of 1877 to Jan. 1, 1881, he lived in Mississippi, where he was engaged in other pursuits. On Jan. 1, 1881, he accepted the position of chief clerk in the general fright office of the Texas & New Orleans Railroad at Houston. When this road was absorbed by the G., H. & S. A. he was made rate clerk in the general freight office of the latter. When it in turn was absorbed by the Southern Pacific he was made chief clerk in the general freight office. In 1887 he resigned this position to accept the chief clerkship in the traffic manager's office of the S. A. & A. P. Railway, B. F. Yoakum at that time being traffic manager.

He was subsequently promoted to assistant general freight agent and general agent, respectively, of that road, and in 1893 was made general freight agent of the G., C. & S. F. Railway, which position he held until 1896, when he was made general manager. In 1902 he was elected second vice president.

HUDSON CUTS PRICES PRICES FOR ALL TYPES.

Coming as a great surprise to those familiar in automobile circles, and distinctly out of line with the usual Hudson policy, the Hudson Motor Company announced last week, through August Horstman of the Cameron Tire Store, local dealers, a substantial reduction in the price of all Hudson cars for the season of 1924, effective at once.

"This latest reduction," said Horstmann "came as a surprise because we felt that the new low levels announced in July, at which time pre-war prices were established, had been made conclusive for the 1924 season.

Accompanying the announcement of these new prices is the statement by the Hudson Motor Car Company, in view of general rumors, that "the Hudsons which are now being produced are the only Hudson cars that will be produced in 1924." This announcement assures the buyer a stability of product.

"Hudson has produced every satisfactory model," said Horstmann. "In fact, we have made no radical changes since 1916, the year which was the advent of the Hudson Super-Six and now with Hudson cars selling at unprecedented prices, we feel sure it will be given preference by even a large percentage of buyers than ever before."

The new prices, f. o. b. Fort Worth are as follows:

Four-passenger speedster, $1,490.
Seven-passenger phaeton, $1,545.
Hudson coach, $1,595.
Hudson sedan, with full aluminum body, $2,140.

Horstmann stated that there was no price change on any of the Essex models. The Essex is selling at a lower figure today than ever before. The touring car is $1,195; coach $1,325 and cab, $1,320, deilvered in Fort Worth.

Shoe Hospital

"See Adams when your Shoes are sick."

He will give them the best of treatment. His shoe hospital is equiped with the best of every thing. He uses the best of remedies—bring in your sick ones—both young and old—large and small—he cures them all.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

Be as Careful as your Doctor

When the little accident happens—*be as careful as your doctor.*

He always uses *sterile* gauze, *sterile* cotton and *sterile* bandages.

In case of accident will you be less careful? Strips of old linen or handkerchiefs—nearly always germ laden—will not do.

Great surgeons and great physicians use Bauer & Black products because they know they are absolutely sterile.

We sell Bauer & Black dressings because we know you too can use them with the assurance of complete safety. Germ life has been made impossible by a double process of sterilization. Each package is marked sterile.

Your home should always be prepared with Bauer & Black adhesive plaster, absorbent cotton, gauze bandages, and picric acid gauze (best for burns). The cost is small. Be prepared for the little accidents and for intelligent first aid treatment until the doctor comes. *Be as careful as your doctor.*

Last Longer-Less Adjustment

Buick Four-Wheel Brakes

Buick four-wheel brakes not only double the braking efficiency of the new 1924 Buicks by doubling the braking surface, but for the same reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down as quickly.

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a slight pressure on the service brake pedal. They act quickly, smoothly and easily.

All 1924 Buicks (both fours and sixes) have these new four-wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever "the Standard of Comparison".

"When Better Cars are Built Buick will Build Them."

OLD FOLK'S SERVICE AT ROCKDALE CHURCH.

Rockdale, Texas Oct. 1.—Characterized by old-time methods, such as "lining out the hymns," telling their experience in Christian life, and the singing of the old-time songs of Zion, many persons on the shady slope of life, recently participated in the "Old Folks" services held by Rev. J. Ed. Morgan, general evangelist of the Methodist Episcopal church, South, who has been conducting a series of revival meetings here. According to the testimony of those who gave expression regarding their Christian life, Mrs. Westbrooke of Milano had procedence of all others in length of time, having been a church member for 72 years; 62 years was the time Col. W. B. Moody had served the church; 60 years W. S. McDaniels had been a member of the Baptist church. These persons were presented with flowers by the evangelist and Rev. Jesse Garrett pastor of the First Baptist church.

Many of those who attended this "old folks" service gave testimony of having obtained their conversion to a Christian life at some old-time camp meeting under a brush arbor lighted by smoky "coal oil" lamps, calling over the names of dead preachers who were famous in their day and time, some of them having aided in making Texas history in her pioneer days, when the foundations were laid for the present-day modern church system. Among the old-fashioned songs sung were "Amazing Grace, How Sweet the Sound," Jesus, Lover of My Soul," "Oh, How I Love Jesus," and "God Be with You Till We Meet Again."

RAIN INSURANCE PAID.

Rockdale, Texas, Oct. 1.—A chamber of commerce subcommittee of the roads and transportation committee, headed by Ed. Simms, E. B. Phillips and W. A. Coffield, this week raised and put in bank the sum of $665 for Rockdale citizens, this money to be matched by Dick Rairston, county commissioner from this district, in putting in repair and in some places rebuilding the roadway and bridges on the Rockdale-Tracy highway and the Kolb's Bridge highway. Work is now in progress and will be rushed as rapidly as possible. These two are main trade arteries leading into Rockdale.

Rockdale, Oct. 1.—A check for $150 for rain insurance on the rained out trades day of September 20, was received by W. E. White, chairman of the trade extension committee, from John T. Hale. This will be sufficient to cover the cost of re-advertising the event, all events and premiums standing as they were, also all advertised special bargains. One and fifty-nine hundredths inches rain fell that day, totally drowning out all business and putting the streams bankful. The committee probably will set a date for the postponed event about the end of October.

TWO FORD CARS WRECKED IN COLLISION HERE.

The car driven by Walter Lange accompanied by Elmo Rodenbeck and Henry Weigman of the Detmold community, who were out for a drive Saturday night, was completely demolished on the Thorndale-Thrall road two miles or more from Thorndale when they met a Mexican driving another car and the two cars ran together. No one was hurt so far as we are able to learn but both cars were brought to the Heal Garage for repairs.

The frequency of such accidents suggest that somebody is habitually driving too fast or else the lights are shining too bright to permit safe traveling at night on a crowded highway. It is really dangerous to feel safe on some well kept highways nowadays.—Thorndale Champion.

CHILD'S HEAD CRUSHED BY WAGON WHEEL.

The very sad report of the death of little Bert McDonald, eight year-old child of Mr. and Mrs. Luther McDonald of the Sharp Community reached friends in Thorndale Saturday and their hearts were saddened.

As best we can learn of the cause of the child's death it seems that the boy was on a wagon with his father and by some means lost his balance and fell between the front and rear wheels, the later running over the child's head, crushing it. Mr. Henry Graves is said to have been passing the wagon in the road when the accident happened and saw the child fall to its death. He called to Mr. McDonald, who did not know the child had fallen, and when they got to the little boy he was berathing his last.

It was a very sad death, and the funeral services Sunday was largely attended by people from all points in the county. The floral offering was exceedingly great and beautiful. Those who attended the funeral from Thorndale say it was exceedingly a sad funeral.—Thorndale Champion.

TWO FORD CARS WRECKED ON THORNDALE-THRALL ROAD

While returning from Jonah where he filled an appointment Sunday morning and at night, Rev. J. J. Burk and wife were considerably shaken up and otherwise painfully cut and bruised when their car crashed with another on the Thrall and Thorndale road about midnight Sunday night. Ross Williamson, Scott Bonds and a negro who it is said is employed on the farm of W. S. McDonald were in the other car figuring in the accident. Rev. and Mrs. Burk were coming towards Thorndale and the other car gas going toward Thrall. The accident occurred near the Richter farm about two and one-half miles from Thorndale.

Both cars were considerably damaged and Mrs. Burk received severe cut above the left eye which ranged across her forehead and upwards which necessitated several stitches to close. She also received a cut across the fingers of her hand and the shock was very severe. Rev. Burk lost one tooth and received several minor bruises. Ross Williamson was cut under the chin and the first reports stated that his jawbone was broken, but this has not been verified at this writing. Mr. Bonds and the negro who were in the car with Mr. Williamson was not hurt other than through the concussion resulting from the force of the cars as they went together. The accident was the result of confusion, Rev. Burk says he had gotten entirely off of the gravel road with two wheels and had slowed down when the accident occured. Both cars were brought to the Ideal Garage where they are being repaired, the cost of which will be considerable.—Thorndale Champion.

SUPPOSED MAN DOG KILLED.

Silas Berry and Hosa Lankford encountered a dog on the streets in the northern portion of town Wednesday morning which exhibited every symptom of being afflicted with rabies and they shot him. The dog is said to have bitten Mr. J. W. Davis' fine Airdale dog and the pretty little Spitzer dog of Miss Oliver Norris'. It is not a proven fact that the dog was made but it was thought best to give the outlaw dog the benefit of the doubt and put him out of his misery and out of danger. Mr. Davis says he may kill his fine Airdale but has not yet made up his mind, and may tie him up for a few days.—Thorndale Champion.

A Good Thing - DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial, "flu" and whooping coughs, and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. A TALK WITH A CAMERON MAN.

Mr. W. H. Ledbetter, horseshoer, E. First Street, Tells His Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Cameron man:

"Everybody knows that horseshoeing is hard on the back and kidneys, owing to the position and strain across the kidneys when holding a horse's foot," says Mr. Ledbetter. "My back became weak and my kidneys caused annoyance by the too frequent passages of the secretions, which were, at times, painful. It seemed as if the muscles of my back were tied in a knot and when I stooped, it was mighty painful to straighten. I took Doan's Kidney Pills and they relieved me quickly."

HAVE DARK HAIR AND LOOK YOUNG

Don't Stay Gray. Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

Sunday, Nov. 4.

All the various exhibits open for public inspection.
2:15—Famous moving picture, Robin Hood, featuring Douglas Fairbanks, free.
8:15—Famous moving picture, Robin Hood, featuring Douglas Fairbanks.

SATURDAY TRADING IN CITY BRINGS BIG CROWD

MERCHANTS REPORT BEST BUSINESS IN YEARS AS MONEY ROLLS IN.

A condition of prosperity such as the county has not seen in many years brought the largest Saturday crowd to Cameron on last Saturday in the history of the town. This is the verdict of business men and it is agreed that few times in the history of the town have larger crowds been in town for any occasion.

Merchants throughout the city report unprecedented business and it is predicted that this will be the best fall trading in a decade, if not the best in the history of the town.

Cotton bringing around 30 cents and with a big crop over the county and particularly in the Cameron trade territory has enabled the farmers to pay clear of debt and all concerned in the commercial fabric everywhere to see their way clear to better business conditions.

The only difficulty the merchants will experience with the business of the fall and next spring will be to maintain large enough stocks to accommodate the trade.

Estimates of the Saturday crowd place the number in attendance at trade here at from 10,000 to 12,000 people.

Automobile dealers report unprecedented sales of cars and a great difficulty in being able to supply the demand. Some dealers report the sale of car load each on Saturday and others report good sales. The second hand car market is said to be good and a ready movement of practically all makes.

It has become necessary for the dealers to keep car loads rolling from the market and while cars are in transit shipments received are disposed of.

Moderate priced merchandise prevails in the Cameron market despite the high price of cotton and other agricultural products.

Merchants of Cameron will furnish the usual trading advantages for the people this year and never in the history of the city have buying opportunities been so great as at this time.

People of the county will find it strictly to their advantage to come to Cameron for their merchandise.

BALLARD SUSPECT ATTACKS SHERIFF WHILE IN PRISON.

Texargana, Texas, Sept. 30—G. C. (Clem) Gray, Titus county man held in connection with the killing of Otis Ballard at Mount Pleasant last Monday night, made desperate attempt at resistance to officers in the Bowie county jail tonight when Sheriff Kelly of Titus county started to put handcuffs on him, preparatory to the removal of Gray from the Bowie county jail for the second time within 24 hours.

Gray had been brought from the county jail at Boston to Texarkana at midnight last night and officers left here with the prisoner early this morning to take Gray from Bowie county. Following a change in their plans Gray was secretely returned to the Boston jail.

Sheriff Kelly, Deputy Constable John Cooper, District Attorney T. C. Hutchings and County Attorney Sam Williams, all of Titus county, arrived at the Boston jail tonight, where after a conference and an interview with Gray, it was decided that Sheriff Kelly should take Gray to the Lamar county jail at Paris.

Gray refused to go and resisted attempt to handcuff him. It took the combined efforts of several officers to subdue the belligerent prisoner.

Sheriff Kelly accompanied by Deputy Sheriff Hugh Davidson, of Bowie county, left for Paris with Gray about 10 o'clock tonight.

Efforts of the Titus county officials to secure a confession from Gray were unavailing, the prisoner steadfastly denying any connection with the murder. He admitted however, that before the murder he had paid George McKinney and Burl Kemp, the latter a negro, $100 each to leave the county and added that he had given them another $100 to be given to Ballard, the murdered youth. Gray said he gave them the money on the agreement that they would go to Mexico and stay there. McKinney and Kemp are both being held in connection with the killing of Ballard.

UNDERWOOD VISITS IN DALLAS OCTOBER 25. TO SPEAK AT FAIR.

Dallas, Texas, Oct. 1.—Democarts from all over Texas favorable to United States Senator Oscar W. Underwood of Alabama as democratic presidential candidate in 1924, at a confernece here today postponed until Oct. 25, the organization of a statewide "Underwood for President" club, for which the conference was called by leading members of the party in this state. Postponement was taken upon receipt of a telegram from Senator Underwood stating he would accept an invitation of the Texas State fair to deliver an address here on Oct. 25.

Two committees, one to plan a reception for the senator and the other to arrange an itinerary for him in event he can tour the state, were named. The reception committee is made up of Dallas men, while the itinerary committee is comprised of John Gaines, San Antonio; C. N. Avery, Austin; Roy Miller, Corpus Christi; B. B. Gilmer, Houston; Edgar Scurry, Wichita Falls; W. E. Lea, Orange; Dabney White, Tyler, and Frank Kell, Wichita Falls.
